Important Questions	Answers	Why This Matters
What is the overall deductible ?	<u>Combined medical/pharmacy deductible:</u> \$7,100/member through PPO; \$10,000/member through OON per calendar year.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay.
Are there services covered before you meet your deductible ?	Yes. Preventive care and services indicated in chart starting on Page 2.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$100 pediatric dental deductible required. There are no other specific deductibles .	You must pay all of the costs for these services up the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	<u>Combined medical/pharmacy limit:</u> \$7,100/member through PPO; \$14,200/member through OON per calendar year.	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit ?	Premiums , balance billing charges and healthcare this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. For a list of preferred providers , see www.healthnetoregon.com/findaprovider or call 1-888-802-7001.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
