PPO Family Plan Copayment and Coinsurance Schedule

PPO: Two plans, many choices. In health insurance, PPO stands for Preferred Provider Organization. For you, PPO means that you have flexibility and choice in deciding who will provide your health care. That's because this plan lets you receive services from Providers in our PPO network or Providers out of our network. Who performs the services determines which benefit level applies to Covered Services and how much you will pay out-of-pocket. To confirm whether a Provider participates in our PPO network and to verify which benefit level will apply to a Covered Service, please contact one of our Customer Contact Center representatives.

PPO Benefits: When you receive Covered Services from Providers in our PPO network, your expenses include a Calendar Year Deductible (if any), fixed dollar amounts for certain services or a fixed percentage that is applied to our contracted rates with PPO Providers. The percentage of our contracted rate that is your responsibility is shown on this Schedule as **% contract rate**.

When you receive Covered Services from a Provider in our PPO network, you are not responsible for charges that are above our contracted rates. We recommend that you contact your treating Provider to discuss the other types of Providers that may be used for your services, as Out-of-Network Provider charges will be reimbursed at the out-of-network level. **Certain services including but not limited to Birthing Center services, Home Health Care, infusion services that can be safely administered in the home or in a home infusion suite, organ and tissue transplant services, Durable Medical Equipment, and Prosthetic Devices/Orthotic Devices are covered only if provided by a designated Specialty Care Provider. See "Specialty Care Providers" under the "General Terms Under Which Benefits Are Provided" section of the Plan Benefits.**

Out-of-Network Benefits: Except for Emergency Medical Care, when services are performed by a Provider who is not in our PPO network, your expenses include a Calendar Year Deductible, fixed dollar amounts for certain services and the amount by which billed charges exceed the Maximum Allowable Amount (MAA) for other services. There are some additional exceptions for when you receive services from a Nonparticipating Provider in a participating facility.

We pay Out-of-Network Providers based on the MAA rates, not on billed amounts. The MAA may often be less than the amount a Provider bills for a service. Out-of-Network Providers may therefore hold you responsible for amounts they charge that exceed the MAA we pay. Amounts that exceed our MAA are not covered and do not apply to your annual Out-of-Pocket Maximum. Your responsibility for any amounts that exceed our MAA payment is shown on this Schedule as **MAA**.

***Deductibles, plan limits, copayments and coinsurance amounts are dependent on the plan selected by the employer group.**

Emergency Medical Care provided by an Out-of-Network Provider will be payable at the in-network level of cost benefits and Deductible, if applicable, and without balance billing (balance billing is the difference between a Provider's billed charge and the Maximum Allowable Amount (MAA)).

For more information about your rights regarding balance billing, see the "Your Rights and Protections Against Surprise Medical Bills" in the "Rights of Members" section of the Group Medical and Hospital Service Agreement.

Some benefits contain footnotes which provide additional coverage information. Please review the corresponding footnote reference in the Notes section of this Copayment and Coinsurance Schedule.

Your benefits are subject to Deductibles, Copayments and Coinsurance amounts listed in this Schedule.

- Reimbursement (minus the Copayment and/or Coinsurance) will be made for coverable prescriptions filled by a licensed practitioner at a rural health Clinic for an urgent medical condition if there is not a pharmacy within 15 miles of the Clinic or if the prescription is dispensed for a patient outside of the normal business hours of any pharmacy within 15 miles of the Clinic. For these purposes, "urgent medical condition" means a medical condition that arises suddenly, is not life-threatening and requires prompt treatment to avoid the development of more serious medical problems.

Health Net Health Plan of Oregon, Inc. PPO Plan

GROUP PLAN BENEFITS

Welcome to your PPO Plan. In health insurance, PPO stands for Preferred Provider Organization. For you, PPO means that you have flexibility and choice in deciding who will provide your health care. That's because this plan lets you receive services from Providers in our PPO network or Providers out of our network. Who performs the services determines which benefit level applies to Covered Services and how much you will pay out-of-pocket. Please see the "Copayment and Coinsurance Schedule" for additional benefit information. To confirm whether a Provider participates in our PPO network and to verify which benefit level will apply to a Covered Service, please contact one of our Customer Contact Center representatives.

General Terms Under Which Benefits Are Provided

Throughout this Group Plan Benefits section, the terms "we," "our" and "us" refer to Health Net Health Plan of Oregon, Inc. (Health Net) and the terms "you" and "your" refer to the Subscriber and to each Enrolled Dependent unless otherwise specified.

Special terms used in this Group Plan Benefits section and Group Medical and Hospital Service Agreement to explain your plan have their first letter capitalized and appear in the "Definitions" section of the Group Medical and Hospital Service Agreement.

You are entitled to receive the benefits set forth in this Group Plan Benefits section subject to the following conditions:

- All benefits are subject to the terms, conditions, and definitions in the Group Medical and Hospital Service Agreement and the exclusions and limitations in the "Exclusions and Limitations" portion of this Group Plan Benefits section, including payment of any applicable Deductible, Copayments and/or Coinsurance identified in the attached Copayment and Coinsurance Schedule.
- All services other than the preventive care services outlined in the Agreement are covered only if Medically Necessary as defined in the "Definitions" section of the Group Medical and Hospital Service Agreement.
- The fact that a Provider may provide, prescribe, order, recommend, approve, refer, or direct a service or supply does not, in and of itself, guarantee the service or supply will be a covered benefit. Covered Medical Services and supplies are set forth as benefits in this Group Plan Benefits section.
- The benefits described under this Agreement do not discriminate on the basis of race, ethnicity, nationality, gender, age, disability, sexual orientation, genetic information, or religion, and are not subject to any pre-existing condition exclusion period. Please refer to the Nondiscrimination Notice section in the Group Medical and Hospital Service Agreement.

- The benefits, premiums and availability of insurance as described under this Agreement do not discriminate between individuals of the same class and equal expectation of life or between risks of essentially the same degree of hazard.
- A Medical Service or supply not expressly included in this Group Plan Benefits section is not considered a covered benefit. A Medical Service or supply not specifically listed as an exclusion in the “Exclusions and Limitations” section of this Group Plan Benefits section is not guaranteed as a covered benefit.

Participating Providers

Under the PPO network benefit level, you receive medical care from a Participating Provider listed in our Participating Provider directory available at www.healthnetoregon.com. Simply call the Participating Provider to schedule an appointment.

When you receive Covered Services from Providers in our PPO network, your expenses include a Calendar Year Deductible (if any), fixed dollar amounts for certain services or a fixed percentage that is applied to our contracted rates with PPO Providers. The percentage of our contracted rate that is your responsibility is shown in the attached “Copayment and Coinsurance Schedule.”

When you receive Covered Services from a Provider in our PPO network, you are not responsible for charges that are above our contracted rates. We recommend that you contact your treating Provider to discuss the other types of Providers that may be used for your services, as Out-of-Network Provider charges will be reimbursed at the out-of-network level.

Certain services are only covered if provided by Participating Providers that are designated as a Specialty Care Provider. See “Specialty Care Providers” section below for details.

Specialty Care Providers

We may utilize Participating Providers that are designated as Specialty Care Providers for Medical Services related to certain conditions or certain treatment procedures. Services which may require use of a Specialty Care Provider include but are not limited to:

- 1) Birthing Center services
- 2) Home Health Care
- 3) Infusion services that can be safely administered in the home or infusion suite (an alternative care site to a home, Physician office or Hospital setting, where patients can receive infusion therapy of specialty drugs in a safe, monitored environment)
- 4) Organ and tissue transplant services
- 5) Durable Medical Equipment
- 6) Prosthetic Devices/Orthotic Devices

We have the right to require a Member to use a designated Specialty Care Provider as a condition to receive coverage under this Agreement. Specialty Care Providers may be located anywhere in the United States. Members may be required to travel out of the Service Area to receive care. If a Member is required by us to use a Specialty Care Provider outside the Service Area, we will pay reasonable transportation, board and lodging expenses for the Member, to be determined by us based

upon individual circumstances, including without limitation, the distance between the Member's home and the Specialty Care Provider, and the Member's medical condition.

Nonparticipating Providers

- **Covered Services From a Nonparticipating Provider at a Participating Facility.** Even though a Hospital or other Provider may be a Participating Provider, during your visit or stay you may receive Covered Services or Supplies, which are performed by or received from Nonparticipating Providers. If you receive Covered Services at an in-network facility (including, but not limited to, a licensed Hospital, an Ambulatory Surgical Center or other outpatient setting, a laboratory, or a radiology or imaging center) at which you receive Covered Services by an Out-of-Network Provider, the services provided by the Out-of-Network Provider will be payable at the in-network level of cost benefits and Deductible, if applicable, and without balance billing (balance billing is the difference between a Provider's billed charge and the Maximum Allowable Amount (MAA)). Such other types of Providers may include, but are not limited to, those who provide anesthesia services, emergency room Physician services, radiology (x-ray), pathology and laboratory services.
- **When Emergency Services are Provided by a Nonparticipating Provider.** When Covered Services are received in connection with Emergency Medical Care, you will pay the Participating Provider level of cost-sharing, regardless of whether the Provider is a Participating Provider or a Nonparticipating Provider, and without balance billing. Balance billing is the difference between a Nonparticipating Provider's billed charge and the Maximum Allowable Amount. When you receive Emergency Medical Care from a Nonparticipating Provider, your payment of the cost-sharing will accrue toward the Deductible (if applicable) and the Out-of-Pocket Maximum for Participating Providers.

The Division of Financial Regulation (DFR) prohibits balance billing for emergency services received from a Nonparticipating Provider or facility.

Oregon law protects consumers from surprise medical bills when they get emergency services or go to an in-network health facility and receive care from a Nonparticipating Provider without their consent. In this case, the law states that you only have to pay the Participating Provider level of cost sharing.

For more information about your rights regarding balance billing, see the "Your Rights and Protections Against Surprise Medical Bills" in the "Rights of Members" section of the Group Medical and Hospital Service Agreement.

If you believe you've been wrongly billed, you may contact the Division of Financial Regulation (DFR) at 1-888-887-4894 or CMS at 1-800-985-3059. Visit <https://www.cms.gov/nosurprises> for more information about your rights under federal law.

Visit <https://dfr.oregon.gov/Pages/index.aspx> for more information about your rights under Oregon laws.

- **Covered Services from a Nonparticipating Provider** (other than for emergency or Urgent Care or from a Nonparticipating Provider at a participating facility).

Subject to the Specialty Care Provider requirements, you may choose to obtain covered Medical Services and supplies from a Nonparticipating Provider. Please see "Specialty Care Providers"

above for services that are only covered by Participating Providers. You may incur higher out-of-pocket expenses if you receive services or supplies from a Nonparticipating Provider.

When services are performed by or received from a Nonparticipating Provider, your expenses include a Calendar Year Deductible (if any), fixed dollar amounts for certain services and the amount by which billed charges exceed the Maximum Allowable Amount (MAA). The definition of MAA is set forth in the “Definitions” section of the Group Medical and Hospital Service Agreement. The MAA for covered Medical Services and supplies may not be the same as what the Nonparticipating Provider bills.

For Covered Services, Health Net uses available guidelines of Medicare, including billing and coding requirements, to assist in its determination as to which services and procedures are eligible for reimbursement, and in determining the Maximum Allowable Amount (MAA). The definition of MAA is set forth in the “Definitions” section of the Group Medical and Hospital Service Agreement.

Primary Care Provider Designation

Health Net allows the designation of a primary care Provider. You have the right to designate any primary care Provider or any Women’s Health Care Provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care Provider. You may select a naturopathic Provider as your primary care Provider if the Provider is credentialed by Health Net as a primary care Provider.

Upon enrollment, you will be assigned to a primary care Provider within the county where you reside. For information on how to select or change your primary care Provider, and for a list of the participating primary care Providers or any Women’s Health Care Provider, you may contact our Customer Contact Center at the phone number listed at the back of this Agreement, or visit us at www.healthnetoregon.com.

- **Home Visits.** Visits to your home are covered. Prior Authorization is required.

The health care professional, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For a list of participating health care professionals who specialize in obstetrics or gynecology, you may contact our Customer Contact Center at the phone number listed at the back of this Agreement, or visit us at www.healthnetoregon.com.

Emergency Services

Emergency service(s) include "Emergency Medical Care" and "Emergency Medical Screening Exam" for evaluation, treatment and "Stabilization" of an "Emergency Medical Condition." See the "Definitions" section of the Group Medical and Hospital Service Agreement.

Emergency Medical Care is covered inside or outside the Service Area without Prior Authorization, including emergency eye care. See the “Definitions” section of the Group Medical and Hospital Service Agreement. Benefits payable to Nonparticipating Providers are paid at the Participating Provider level specified in the Copayment and Coinsurance Schedule.

See your Copayment and Coinsurance Schedule for additional benefit information.

Emergency Inside the Service Area. If you have an Emergency Medical Condition inside the Service Area and you reasonably believe that the time required to contact your primary care Provider or to go to a Participating Provider Hospital or Urgent Care facility would seriously jeopardize your health (including an unborn child), medical care should be sought from the nearest Provider appropriate for the severity of your condition (Physician’s office or Clinic, Urgent Care center, or Hospital emergency room) or call 911.

Emergency Outside the Service Area. If you have an Emergency Medical Condition outside the Service Area and reasonably believe that the time required to contact your primary care Provider would seriously jeopardize your health (including an unborn child), medical care should be sought from the nearest Provider appropriate for the severity of your condition (Physician’s office or Clinic, Urgent Care center, or Hospital emergency room) or call 911.

Emergency Room. Services of a Hospital emergency room are limited to treatment of an Emergency Medical Condition and are not covered if merely for your convenience.

Notification. If you are hospitalized for an Emergency Medical Condition, notice of the admission sufficient to establish your identity and the institution to which you were admitted must be given to us no later than 24 hours or by the next business day after admission or as soon as medically possible.

Follow-up and Continued Care. To ensure the maximum available benefits under this Agreement, you should obtain your follow-up care after Stabilization of an Emergency Medical Condition from Participating Providers and in accordance with any Prior Authorization requirements. If you are hospitalized in a Nonparticipating Provider Hospital, you will be financially responsible for any care that we determine is not Medically Necessary. Care and treatment provided after Stabilization is no longer considered Emergency Medical Care. If you have been admitted to a Nonparticipating Provider Hospital and require continuous care, we can help transfer you to a Participating Provider as soon as Stabilization has occurred. Continuation of care from a Nonparticipating Provider Hospital beyond what is required to evaluate or stabilize your condition in an emergency will be reimbursed at the out-of-network level for Covered Services unless we authorize Medically Necessary continuous care.

Ambulance Transport. Licensed ground or air ambulance services are covered in the event of an Emergency Medical Condition. Air ambulance service is covered only when ground transportation is medically or physically inappropriate. Medically Necessary ambulance transport for facility-to-facility transfers is covered only when Prior Authorized. Prior Authorization requirements can be verified by contacting us or as outlined in the "Prior Authorization" section of this Group Plan Benefits. The maximum benefit is shown on the Copayment and Coinsurance Schedule.

Exclusions and Limitations:

Ambulance transport that is not Emergency Medical Care or Medically Necessary is not covered.

We use a prudent layperson standard to determine whether the criteria for Emergency Medical Care have been met. Under this standard, a prudent layperson possessing an average knowledge of health and medicine would reasonably expect that failure to receive immediate medical attention would:

- a. Place the health of a Member, or an unborn child in the case of a pregnant Member, in serious jeopardy;
- b. Result in serious impairment to bodily functions; or
- c. Result in serious dysfunction of any bodily organ or part.

Additional exclusions and limitations may apply. Be sure you read the “Exclusions and Limitations” portion of this Group Plan Benefits section.

We also administer this Agreement in accordance with the definitions of “Emergency Medical Care”, “Emergency Medical Screening Exam” and “Emergency Medical Services Transport” in the “Definitions” section of the Group Medical and Hospital Service Agreement.

Claims. All claims for Emergency Medical Care must contain sufficient information to establish the emergency nature of the care.

Urgent Care

Medically Necessary Urgent Care services are covered under this Group Plan Benefits. Benefits are subject to any applicable Deductible, Copayments and/or Coinsurance identified in the attached Copayment and Coinsurance Schedule.

“Maximum Allowable Amount (MAA)” is the amount that we use to calculate what we pay for covered Medical Services and supplies provided by a Nonparticipating Provider or Out-of-Network Provider. MAA may be less than the amount billed for those Medical Services and supplies. MAA is calculated as the lesser of the amount billed by the Nonparticipating Provider or the amount determined in the order set forth below. MAA is not the amount that we pay for a Covered Service or Supply; the actual payment will be reduced by applicable Coinsurance, Copayments, Deductibles, and other applicable amounts set forth in your Copayment and Coinsurance Schedule.

- The MAA for out-of-network Emergency Medical Care will be the greatest of: (1) the amount negotiated with Participating Providers for the emergency service provided, excluding any in-network Copayment or Coinsurance; (2) the amount calculated using the same method we generally use to determine payments for Nonparticipating Providers, excluding any in-network Copayment or Coinsurance; or (3) the amount paid under Medicare Part A or B, excluding any in-network Copayment or Coinsurance.
- The MAA for covered outpatient pharmaceuticals (including but not limited to injectable medications) dispensed and administered to the patient by a Nonparticipating Provider, in an outpatient setting, including, but not limited to, Physician office, outpatient Hospital facilities, and services in the patient’s home will be the lesser of billed charges or the “Average Wholesale Price” for the drug or medication. “Average Wholesale Price” is the amount listed in a national pharmaceutical pricing publication, and accepted as the standard price for that drug by Health Net.
- The MAA for Covered Services and Supplies, excluding Emergency Medical Care and outpatient pharmaceuticals, received from a Nonparticipating Provider is a percentage of what Medicare would pay (known as the Medicare allowable amount). Medicare pays 100% of the Medicare allowable amount.
- The MAA for facility services, including but not limited to Hospital, Skilled Nursing Facility, and outpatient surgery, is determined by applying 160% of the Medicare allowable amount.

- The MAA for Physician and all other types of services and supplies is the lesser of the billed charge or 160% of the Medicare allowable amount.
- In the event there is no Medicare allowable amount for a billed service or supply code:
 - a. Maximum Allowable Amount for professional and ancillary services shall be 100% of FAIR Health's Medicare gapfilling methodology. Services or supplies not priced by gapfilling methodology shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) 50th percentile of FAIR Health database of professional and ancillary services not included in FAIR Health Medicare gapfilling methodology; (3) 160% of Medicare allowable amount for the same Covered Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider's billed charges for Covered Services. A similar type of database or valuation service will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination.
 - b. Maximum Allowable Amount for facility services shall be the lesser of: (1) the average amount negotiated with Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) 100% of the derived amount using a method developed by Data iSight for facility services (a data service that applies a profit margin factor to the estimated costs of the services rendered), or a similar type of database or valuation service, which will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination; (3) 160% of the Medicare allowable amount for the same Covered Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider's billed charges for Covered Services.
- MAA is subject to other limitations on covered Medical Services. See your Copayment and Coinsurance Schedule, Group Plan Benefits section, and any Supplemental Benefit Schedules and Amending Attachments for specific Deductibles, benefit limitations, maximums, requirements and multiple surgery payment policies that limit the amount that we pay for covered Medical Services and supplies. We use available guidelines of Medicare and/or Medicaid to assist in our determination as to which services and procedures are eligible for reimbursement. We will, to the extent applicable, apply Medicare claim processing rules to claims submitted. We will use these rules to evaluate the claim information and determine accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying Medicare rules may affect the MAA if it is determined the procedure or diagnosis codes used were inconsistent with Medicare procedure coding rules or reimbursement policies.

The Medicare allowable amount is subject to automatic adjustment by the Centers for Medicare and Medicaid Services (CMS), an agency of the federal government which regulates Medicare.

The following example shows how MAA applies to claims payment:

For illustration purposes only, Out-of-Network Provider: 70% Plan Payment/30% Member Coinsurance

Nonparticipating Provider's billed charge for extended office visit.....	\$128.00
MAA allowable for extended office visit (example only; does not mean that MAA always equals this amount).....	\$102.40
Your Coinsurance is 30% of MAA: 30% x \$102.40 (assumes Deductible has already been satisfied)	\$30.72

You also are responsible for the difference between the billed charge
 (\$128.00) and the MAA amount (\$102.40)\$25.60
Total amount of \$128.00 charge that is your responsibility.....\$56.32

NOTE: We have the right to adjust, without notice, the MAA. Claims payment will be determined according to the schedule in effect at the time the charges are incurred. Claims payment will also never exceed the amount the Out-of-Network Provider charges for the service or supply. You should contact the Customer Contact Center if you wish to confirm the covered expenses for any treatment or procedure you are considering.

In addition to the above, from time to time, we also contract with networks that have contracted fee arrangements with Providers (“third-party networks”). In the event we contract with a third-party network that has a contract with the Nonparticipating Provider, we may, at our option, use the rate agreed to by the third-party network as the MAA.

Alternatively, we may, at our option, refer a claim for Nonparticipating Provider services to a fee negotiation service to negotiate the MAA for the service or supply provided directly with the Nonparticipating Provider. In either of these two situations, you will not be responsible for the difference between the MAA and the billed charges. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the out-of-network level.

In the event that the billed charges for covered Medical Services and supplies received from a Nonparticipating Provider are more than the MAA, you are responsible for any amounts charged in excess of the MAA, in addition to applicable Deductibles, Copayments or Coinsurance.

For more information on the determination of MAA, or for information, services, and tools to help you further understand your potential financial responsibilities for out-of-network services and supplies, please log on to www.healthnetoregon.com or contact our Customer Contact Center at the number on your Member identification card.

Monthly Payments (Premiums)

- The monthly premium rate is set forth on the Signature Sheet. If the state of Oregon or any other taxing authority imposes upon us any new or additional tax or license fee which is levied upon or measured by premium, by our gross receipts, or by any portion of either, then we may amend this Agreement to increase the premium by an amount sufficient to cover all such taxes or license fees rounded to the nearest cent, effective as of the date stated in a notice sent to Subscriber Group. The effective date of such a premium increase shall not be earlier than the date of the imposition of such tax or license fee increase. We shall also have the right to change the premium as of any date as permitted or mandated by law or regulation.
- Premiums are due on the first day of each month. Each monthly premium shall be calculated on the basis of our records reflecting the number of Subscribers and Dependents in each coverage classification, as set forth on the Signature Sheet, at the time of calculation and at the premium rate then in effect. Subscriber Group shall submit to us, on behalf of each Subscriber and Enrolled Dependents, the entire amount due, on or before the first day of the month for which coverage is provided. If a payment is rejected by the financial institution on which it is drawn, premium is not considered paid until the payment, or an alternate payment, is honored by the issuing financial institution. We may charge a fee for any payment that is returned as unfunded. Subscriber Group assumes responsibility for collection of the contributory portion of the premium, if any, from each Subscriber.
- Only Members for whom the premium is actually received shall be entitled to benefits, and then only for the period to which such premium is applicable.
- The total amount paid monthly under this Agreement may change from time to time to reflect any change in the status of a Member or any change in the type of membership applicable to the Member (single, two party or family) or any change in state or federal benefit mandates.
- Subscriber Group shall provide us with notice of changes in eligibility and Enrollment within 30 days of the effective date of such changes. At our option, retroactive adjustments for premium may be made for any additions or terminations of Members and changes in coverage classification not reflected in our records at the time the monthly premium is calculated by us.
- We reserve the right to change the premium rates under this Agreement at any time. Written notice of premium rate change will be given to Subscriber Group at least 60 days prior to the effective date of the change.

Eligibility

- **Subscriber:** To be eligible to Enroll as a Subscriber, a person must, at the time of Enrollment and throughout the term of this Agreement, be a Participant of the Subscriber Group and must meet the Subscriber Group's eligibility criteria. Eligibility is not based on any health status related factors.

- **Dependent:** To be eligible to Enroll as a Dependent, a person must be a Dependent of a Subscriber and must meet the Subscriber Group's eligibility criteria. A Dependent who is Enrolled as a Member will continue as an eligible Dependent through the last day of the month in which such Dependent ceases to meet the requirements of a Dependent. Dependent coverage will terminate when a Member ceases to be an eligible Dependent. Eligibility is not based on any health status related factors.

Subscriber Group's eligibility criteria must be provided on the group application which is a part of this Agreement. If the criteria on an approved group application conflict with any eligibility criteria elsewhere in this Agreement, then the criteria on the application shall prevail.

During the term of this Agreement, Subscriber Group shall make no change in its eligibility standards for purposes of this Agreement unless such change is agreed to by us.

Any ineligible person Enrolled under this Agreement will not be entitled to benefits hereunder. We will refund to the Subscriber Group any premium paid for the ineligible person in excess of any benefits paid for the time the person was ineligible or for the last six months prior to discovery of the ineligibility, whichever is shorter (the "refund period"). We shall also be entitled to repayment from the ineligible person for the cost of benefits provided during the refund period in excess of the premium received by us for the ineligible person for that period. If the ineligible person was carried by Subscriber Group as a Subscriber, we shall also be entitled to repayment from the Subscriber Group for the cost of benefits provided during the refund period in excess of the premium received by us for the ineligible person during that period.

Enrollment and Effective Date

- **Initial Eligibility.** Participants and/or their Dependents may Enroll within 31 days of becoming eligible for coverage, subject to any waiting period as required by the group. Waiting periods for Enrollment are defined as beginning on the date the employee becomes a qualifying employee and must not exceed 90 days. Coverage shall become effective as specified on the Signature Sheet, provided that a completed application form and the required premium payment are received within 31 days of the person's first day of eligibility.
- **Open Enrollment.** Participants and/or Dependents who do not Enroll when initially eligible may Enroll by submitting a completed application form during the open Enrollment period specified on the Signature Sheet.
- **Newborn or Newly Adopted Child.** A newborn child or a child placed with a Member for the purpose of adoption will be covered from the moment of birth, the date of adoption or placement for adoption if the child is Enrolled as a Member within the first 30 days. If additional premium is required, coverage shall not take effect unless application and premium required are received within 31 days after birth or placement. Additional premium is required if Enrollment of the additional Dependent places the family in a higher premium bracket.

After the first 31 days, a newborn child must meet the definition of Dependent in the "Definitions" section of this Group Medical and Hospital Service Agreement in order to continue coverage under the plan.

- **Other Newly Eligible Dependents.** A Subscriber may Enroll a newly eligible Dependent by submitting a completed application form within 31 days of attaining eligibility. Enrollment is effective the first day of the following month or as specified on the group application.

- **Special Enrollment.**

- a. **Loss of Other Coverage.** A Participant and/or Dependents who previously declined coverage under this Agreement because of coverage under another Health Benefit Plan can Enroll in this Agreement by submitting a completed application form within 60 days of loss of such other coverage because of legal separation, dissolution of a domestic partnership, divorce, death, termination of employment, reduction in hours of employment, a Dependent child ceasing to be a Dependent child, Medicaid plan or Children's Health Insurance Plan (CHIP). If loss of coverage is due to discontinuation of employer contributions, or exhaustion of COBRA continuation under such other group coverage, a completed application form must be submitted within 30 days of loss. Enrollment is effective the first day of the following month.
- b. **Newly Acquired Dependents.** A Participant and/or newly acquired Dependents can Enroll in this Agreement by submitting a completed application form within 30 days of marriage, domestic partnership, birth, or placement for adoption. Enrollment is effective the first day of the following month.
- c. **Premium Assistance under a Medicaid plan or State Children's Health Insurance Program (SCHIP).** A Participant and/or Dependents can Enroll in this Agreement by submitting a completed application form at any time once becoming eligible for premium assistance under a Medicaid plan or State Children's Health Insurance Program (SCHIP).

- **Late Enrollee.**

- a. Late Enrollees are not guaranteed coverage upon their late Enrollment. Any person who is denied coverage as a Late Enrollee may Enroll for coverage during the Subscriber Group's next Open Enrollment period for coverage to begin at the following Anniversary Date, or during a Special Enrollment period.
- b. Late Enrollees do not include those who experience a qualifying event, and are eligible for Enrollment during a Special Enrollment period.
- c. Employee eligibility wait periods established by the Subscriber Group may apply but must not exceed 90 days.

If a Member is confined as an inpatient in a Hospital on the Effective Date of this Agreement, and prior coverage terminating immediately before the Effective Date of this Agreement furnishes benefits for the hospitalization after the termination of prior coverage, then services and benefits will not be covered under this Agreement for that Member until the Member is discharged from the Hospital or benefits under the prior coverage are exhausted, whichever is earlier.

Subscriber Group shall notify us no later than the next billing cycle of any changes which may affect Member eligibility.

Subscriber Group shall require each Member to disclose to us at the time of Enrollment, at the time of receipt of Covered Services and Supplies, and from time to time as requested by us, the existence of any other group insurance coverage the Member may have, the identity of the carrier, and the group through whom the coverage is provided.

We shall have the right, at reasonable times, to examine the records of the Subscriber Group and Subscriber Group's subcontractors, including payroll records, with respect to eligibility and monthly premiums under this Agreement. Subscriber Group shall have the right, at reasonable times, to examine our records pertaining to Subscriber Group with respect only to Enrollment, eligibility, and receipt of monthly premiums under this Agreement.

Termination

- This Agreement is renewable with respect to all Members at the option of the Subscriber Group except, it may be discontinued or nonrenewed based on the following circumstances:
 - a. For nonpayment of the required premiums by the Subscriber Group.
 - b. For fraud or intentional misrepresentation of material fact by the Subscriber Group, or with respect to the coverage of a Member by the Member or the Member's representative.
 - c. Failure of the Subscriber Group to maintain minimum participation requirements as follows: Where coverage is offered on a contributory basis, health plan Enrollment represents the greater of 75% of the eligible active employee population or 38 Enrolled active employees; if more than one health plan is offered, Health Net's Enrollment represents the greater of 38% of the eligible active employee population or 19 Enrolled active employees; if coverage is offered on a noncontributory basis, health plan Enrollment will be 100% of the Eligible Employee population.
 - d. Failure of the Subscriber Group to meet the participation requirement(s) as set forth in the group proposal offer.
 - e. For noncompliance with the contribution requirements as outlined in this Agreement.
 - f. When we either offer/renew, or discontinue the offering or renewing, all of our group Health Benefit Plans in this state or in a specified Service Area within this state. In order to discontinue plans under this Agreement, we:
 - 1. Must give notice of the decision to the Director of the Department of Consumer and Business Services and to all Subscriber Groups covered by the plans;
 - 2. May not cancel coverage under the plans for 180 days after the date of the notice required under section f.1 above if coverage is discontinued in the entire state or, except as provided in section f.3 below, in a specified Service Area;
 - 3. May not cancel coverage under the plans for 90 days after the date of the notice required under section f.1 above if coverage is discontinued in a specified Service Area because of an inability to reach an agreement with Providers to provide services under the plans within the Service Area; and
 - 4. Must either offer/renew, or discontinue the offering or renewing, all Health Benefit Plans issued by us in this state or in the specified Service Area.
 - g. When we discontinue offering and renewing a group Health Benefit Plan in a specified Service Area within this state because of an inability to reach an agreement with Providers to provide services under the plan within the Service Area. In order to discontinue a plan under this paragraph, we:
 - 1. Must give notice of the decision to the director and to all Subscriber Groups covered by the plan;
 - 2. May not cancel coverage under the plan for 90 days after the date of the notice required under section f.1 above; and
 - 3. Must offer in writing to each Subscriber Group covered by the plan, all other group Health Benefit Plans that we offer in the specified Service Area. We shall offer the plans at least 90 days prior to discontinuation.

- h. When we discontinue offering or renewing, or offering and renewing, a Health Benefit Plan for all groups in this state or in a specified Service Area within this state, other than a plan discontinued under section f. above, with respect to plans that are being discontinued, we must:
 - 1. Offer in writing to each Subscriber Group covered by the plan, all Health Benefit Plans that we offer in the specified Service Area.
 - 2. Offer the plans at least 90 days prior to discontinuation.
 - 3. Act uniformly without regard to the claims experience of the affected Subscriber Groups or the health status of any current or prospective Member.
- i. When the director orders us to discontinue coverage in accordance with procedures specified or approved by the director upon finding that the continuation of the coverage would not be in the best interest of the Members or would impair our ability to meet contractual obligations.
- j. When, in the case of a group Health Benefit Plan that delivers Covered Services through a specified network of health care Providers, there is no longer any Member who lives or works in the Service Area of the Provider network.
- k. When, in the case of a Health Benefit Plan that is offered only through one or more bona fide associations, the membership of an employer in the association ceases and the termination of coverage is not related to the health status of any Member.
- l. For misuse of a Provider network provision, which means a disruptive, unruly or abusive action taken by a Member that threatens the physical health or well-being of health care staff and seriously impairs our ability or the ability of our Participating Providers to provide services to a Member. A Member terminated under this Agreement retains their Member rights under the "Rights of Members" section of this Group Medical and Hospital Service Agreement.
- We may modify this Agreement at the time of renewal. The modification is not a discontinuation of this Agreement under section e. or g. above, of this Group Medical and Hospital Service Agreement. Written notice of modifications, including modifications to preventive benefits, will be given to Subscriber Group at least 60 days prior to the Effective Date of the renewal. The 60 day notice requirement does not apply to normal and customary administrative changes that do not have an actuarial impact, such as formulary changes, or to a decrease or increase required by state or federal law.
- Notwithstanding any provision of the "Termination" section of this Group Medical and Hospital Service Agreement to the contrary, we may rescind an Agreement for fraud or intentional misrepresentation of material fact by a Subscriber Group and the coverage of a Member may be rescinded for fraud or intentional misrepresentation of material fact by the Member.
- In the event of termination of this Agreement on one of the grounds specified in this Agreement, termination will be effective as to the Subscriber Group and all Subscribers and Enrolled Dependents irrespective of whether monthly premiums have been received for periods beyond the termination date. However, in no event will this Agreement continue beyond the last day of the month for which monthly premiums have been received. Premium will be charged and collected for any period between the date through which premiums are paid and the termination date. If the Agreement is to terminate due to the required premium not paid when due, we will provide a written notice to the Policyholder, specifying the last date the premiums may be paid (no less than 10 days from the date of the notice) in order to reinstate the Agreement. We may charge a fee to reinstate the Agreement after termination.

- **Continued payment of monthly premiums.** Subject to continued payment of monthly premiums, if a Subscriber or a covered Dependent is in the Hospital on the day this Agreement is terminated and immediately replaced by a group contract with another company, we will continue to accept and pay toward covered expenses incurred during the balance of that hospitalization. The covered expenses must be incurred for the same sickness, injury or pregnancy that was under treatment before this Agreement terminated. Eligibility for benefits will end upon discharge from the Hospital or when benefits of this Agreement are exhausted, whichever happens first. In no other situation will we pay for the benefits of this Agreement toward expenses incurred by a person who is not then covered.
- Coverage under this Agreement for a Member also will terminate on 30 days' written notice if the Member knowingly permits another to use their plan identification card or has otherwise misused our plan.
- Coverage under this Agreement for a Member will also terminate on 30 days' written notice: (a) if a Member intentionally presents a claim for a payment that falsely represents that the services or supplies were Medically Necessary in accordance with professionally accepted standards; (b) if a Member intentionally makes a false statement or false representation of a material fact to us for our use in determining rights to a health care payment; and (c) if the Member intentionally conceals the occurrence of any event affecting their initial or continued right under this Agreement or conceals or fails to disclose any information with intent to obtain services, supplies, or payment to which the Member or any other person is not entitled. We shall have the right to obtain a refund from the Member for all Medical Services paid for by us which were not legitimately eligible for coverage under this Agreement.
- After the effective date of a termination pursuant to this section, neither we nor the Participating Providers shall have any further obligation to provide care for the condition under treatment and no claim shall be paid by us for treatment arising after such termination date.
- The membership of a Subscriber and all Dependents shall terminate in the event that the Subscriber leaves employment with the Subscriber Group or otherwise becomes ineligible, unless the Subscriber or any Dependent continues or converts their membership in accordance with the "Federal Continuation of Coverage," and "Oregon State Continuation of Coverage" sections of this Group Medical and Hospital Service Agreement. If a Subscriber does not work for 120 consecutive working days, the Subscriber will be deemed to have left employment with the Subscriber Group.
- Except as expressly provided in this section, all rights to benefits hereunder shall cease as of the effective date of termination.
- We shall notify Subscriber Group by mail on a form that complies with applicable law within 10 days after this Agreement is terminated and not replaced by the Subscriber Group. This provision shall apply when an employer terminates participation in a multiple employer trust as well as in the event of termination of this Agreement when held by a multiple employer trust. If notice is not given as required under this section, coverage shall continue from the date notice should have been provided until the date notice is received and premiums for that period shall be waived.
- The Subscriber Group may voluntarily terminate this Agreement for any reason upon 30 days written notice to us. When the group coverage is terminated by the Subscriber Group and replaced by other group coverage, no notice of termination will be given to the Member by us.

Federal Continuation of Coverage

- **Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA")**
 - a. If Subscriber Group is required to offer continuation coverage under the applicable provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") and any regulations thereunder, as now in effect or as amended from time to time, then we shall provide such coverage to Members, but only to the extent Subscriber Group is required by federal law to offer such coverage. All provisions of this Agreement not expressly superseded by COBRA shall apply to such COBRA continuation coverage.
 - b. Subscriber Group is solely responsible for (a) ensuring compliance with COBRA; (b) giving Members timely notice, in accordance with COBRA, of their continuation coverage option; (c) notifying us within 15 days of a Member's election to continue coverage and the applicable maximum coverage period; and (d) notifying us of any event which terminates Subscriber Group's obligation to provide the Member with COBRA continuation coverage before the end of the maximum coverage period.
 - c. A Member must apply for COBRA continuation coverage within 60 days of the termination date of coverage, or the date the Member receives specific notice of their COBRA continuation coverage rights, whichever is later.
 - d. If Subscriber Group fails to give the Member notice of any COBRA continuation rights or to give us notice of any COBRA election, each within the time stated in the section above, we shall be entitled to charge Subscriber Group, and Subscriber Group shall pay the greater of (a) charges for Medical Services incurred by the Member prior to notice to us of the Member's exercise of COBRA rights or (b) the applicable premium amount for coverage retroactive to the date of the Member's qualifying event under COBRA. In any event, we will provide COBRA continuation coverage only for the minimum period required to enable Subscriber Group to meet its obligations under COBRA and, for purposes of this section, such period will always begin on the date of the Member's qualifying event. If we, in the exercise of reasonable judgment, determine that Subscriber Group willfully failed to give timely notice to a Member of any required COBRA continuation rights, we may refuse to provide COBRA continuation coverage to the Member.
 - e. The cost of COBRA continuation coverage will be 102 percent of the applicable group rate (including any portion previously paid by Subscriber Group), except where COBRA continuation coverage has been extended due to disability in which case the cost will be 150 percent of the applicable group rate for the period of extension.
 - f. The provisions of this section will terminate if this Agreement terminates. Subscriber Group's violation of its obligations under this section shall constitute grounds for termination of this Agreement.

Oregon State Continuation of Coverage

- Continuation of our group coverage under this section is available to Subscribers and Enrolled Dependents when the Subscriber Group is not required to offer continuation of coverage under COBRA.

- A Member who would otherwise lose coverage under this Agreement may continue uninterrupted coverage hereunder upon payment of applicable monthly premiums if:
 - a. The Member was covered under this Agreement, or similar predecessor Agreement, for at least three consecutive months immediately before coverage under this Agreement would otherwise terminate; and
 - b. The Member's coverage under this Agreement would otherwise terminate due to termination of the Subscriber's employment or the Subscriber's death, dissolution of a domestic partnership, or divorce.
- Continuation of coverage is not available if a Subscriber is eligible for: (a) Federal Medicare coverage; or (b) a medical-hospital benefit plan that did not cover them when their eligibility under this Agreement ended.
- Continuation coverage is available for all Dependents who were Enrolled at the time coverage terminated. All Dependents who were Enrolled under this Agreement must continue to be covered with the Subscriber or with the surviving or divorced spouse or Domestic Partner who is continuing coverage.
- Members who wish to have continued coverage under this Agreement must sign a special application form for themselves and their Enrolled Dependents within 31 days after the Subscriber's termination of employment, dissolution of a domestic partnership, divorce, or death. The Subscriber Group must send the application to us along with its next regular monthly billing. The billing should note the individuals who are continuing group coverage.
- If a Member wishes to continue group coverage, the correct premium must be paid to the Subscriber Group each month in advance. The Subscriber Group must then send the premium payments to us along with its regular monthly premium. We will accept continuation of premiums only if they are included in the Subscriber Group's regular monthly premium payments. Please Note: The first premium must be sent to the Subscriber Group with the signed application within 31 days of the date the Member's group coverage was terminated.
- A Member's continuation of coverage will end on the last day of the month during which any one of the following occurs:
 - a. Nine months expire from the time eligibility for group coverage normally would have ended;
 - b. We fail to receive full premiums for the Member with the Subscriber Group's regular monthly payment;
 - c. The Member becomes insured under any other group health plan or becomes eligible for Medicare;
 - d. We received 30-day written notice through the Subscriber Group that the Member wishes to terminate group coverage; or
 - e. This Agreement is terminated by either the Subscriber Group or us.
- A Subscriber who has terminated employment by reason of layoff shall not be subject upon any rehire that occurs within nine months of the time of the layoff to any waiting period prerequisite to coverage under this Agreement if the Subscriber was eligible for coverage at the time of the termination and regardless of whether the Subscriber continues coverage during the layoff.

- A Member age 55 or older who would otherwise lose coverage due to the death of a Subscriber, dissolution of a domestic partnership, divorce or legal separation from a Subscriber may continue coverage for themselves and their Dependent children who would otherwise lose coverage due to the death, dissolution of a domestic partnership, divorce, or legal separation. This section applies only if the Subscriber Group has 20 or more Subscribers. Termination of coverage under this section shall be on the earlier of:
 - a. The failure to pay premiums when due;
 - b. The termination of this Agreement;
 - c. The date on which the Member becomes covered under another group health plan;
 - d. The date on which the Member becomes eligible for Medicare coverage; or
 - e. For Dependent children only, the date on which a Dependent ceases to meet the requirements according to the definition of Dependents in the “Definitions” section of this Group Medical and Hospital Service Agreement.

Reinstatement of Medical Coverage After Military Leave

In accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), when your coverage under this Agreement ends because you enter into active service in the United States Armed Forces, you may again be covered if:

- You return to active full-time employment with your Subscriber Group; and
- You make a written request for reinstatement to us with:
 - a. 90 days of your discharge from active services; or
 - b. one year following hospitalization which continues after your discharge from active service.

The coverage provided will be the same coverage provided by your Subscriber Group to other employees and Dependents at the time of application. Your coverage will start on the date we receive your request for reinstatement. If you had completed all or part of an exclusionary or waiting period under this Agreement before your entry into active military service, you will not be required to complete that period a second time.

Each of your Dependents who were covered under this Agreement immediately prior to your entry into active military service will also be reinstated for coverage on the date your coverage begins again, if otherwise eligible. Eligible Dependents born during the period of active military duty will have the same rights as other Dependents under this Agreement.

Participating Providers

- If a Member receives care from a nonparticipating Physician or other nonparticipating health care Provider, except as stated under “General Terms Under Which Benefits Are Provided” section, without a required Prior Authorization, the Member shall be responsible for the cost of those services. Failure of the Nonparticipating Provider to obtain the Prior Authorization shall in no way relieve the Member of the financial responsibility for services received from that Provider. If you receive care for covered Medical Services and supplies from a participating Physician or other participating health care Provider without a required Prior Authorization, that Provider is not permitted to bill you for those services.

- Upon Enrollment, each Member will be issued a plan identification card. It is the Member's responsibility to notify us if the card is not received within a reasonable time after the Member's Effective Date of coverage. In addition, it is the Member's responsibility to present the card to each health care Provider at the time of service.
- To ensure the maximum available benefits under this Agreement, Members should obtain all Medical Services from Participating Providers and in accordance with any Prior Authorization requirements, even when a Member expects payment to be made by another plan or a third party. Care furnished by a Nonparticipating Provider is generally reimbursed at a lower level. Members should consult our Participating Provider Directory for a list of Participating Providers, including Women's Health Care Providers, authorized to act as primary care Providers.
- If a Member resides outside the Service Area and is unable to receive services from Participating Providers, the Member's Coinsurance for Covered Services will be at the Nonparticipating Provider level specified in the Copayment and Coinsurance Schedule.
- For personal reasons, a Member may refuse to accept a procedure or treatment recommended by the treating Physician.
- The relationship between us and Participating Providers is that of independent contractors. Participating Providers are independent professionals who operate their own offices and business, make their own medical decisions, and provide services to entities and patients other than us and our Members. Participating Providers agree to methods and rates of payment from us, concurrent and retrospective review by us of Medical Services provided to Members, and our medical management procedures.
- The fact that Members and Participating Providers each have contractual relationships with us does not prevent a Member from obtaining nor a Participating Provider from providing services that are not covered by us. We have no direct control over the examination, diagnosis, or treatment of a Member. We do perform medical management, including, but not limited to, case review for purposes of determining coverage, consultation with Providers regarding Prior Authorization, and concurrent and retrospective review of Medical Services provided to Members. The purpose of our medical management procedures is to encourage the lowest cost method of treating a Member which, based upon the Medical Director's sole judgment of the prevailing standards of medical treatment, meets the needs of the Member. These procedures are not intended to ration care or limit care to methods not appropriate to treat a Member's condition. These procedures are not intended to create a Physician/patient relationship or to replace the relationship between a Member and their Physician. A Member is always entitled to obtain, at their own expense, services not covered under the terms of this Agreement.
- We shall use ordinary care in the exercise of our power and in the performance of our obligations under this Agreement.
- A Nonparticipating Provider must cooperate with our requirements for review of treatment and to the same extent as a Participating Provider in order to be eligible for reimbursement.

General Limitations

- **Discontinued or modified benefits.** Benefits provided by this Agreement may be discontinued or modified on at least 60 days prior written notice to the Subscriber, subject to prior approval by the Department of Consumer and Business Services. You do not acquire a vested right to continue to receive a benefit as set forth in this Agreement on or after the effective date of any revocation or change to such benefit. Your right is to receive only such benefits as are expressly provided for and in effect on the date of each treatment. The 60-day notice requirement does not apply to normal and customary administrative changes that do not have an actuarial impact, such as formulary changes, or to a decrease or increase required by state or federal law. Upon termination of this Agreement or a Member's coverage under this Agreement, a Member's right to continued benefits consists solely of those benefits expressly set forth in the "Federal Continuation of Coverage," and "Oregon State Continuation of Coverage" sections of this Group Medical and Hospital Service Agreement.
- **Members are entitled to receive benefits subject to the exclusions and limitations as stated in any provision of this Agreement.**
- **Benefits are available only for services that are Medically Necessary, except for services covered as preventive care as outlined in the "Preventive Care" section of the Group Plan Benefits section.**
- **Nonparticipating Provider Services.** Coverage for the services of a Nonparticipating Provider is limited to and based on a Maximum Allowable Amount fee.
- **Unauthorized Benefits.** Members who are treated by a Provider without a Prior Authorization, if required pursuant to the "Prior Authorization" subsection of the Group Plan Benefits section, will have any and all such claims denied by us.
- **All benefits, exclusions and limitations set forth in the attached Copayment and Coinsurance Schedule, or any Supplemental Benefit Schedules are incorporated herein by this reference.**
- **To the extent that a natural disaster, war, riot, civil insurrection, epidemic, or any other emergency** or similar event not within our control results in our facilities, personnel, or financial resources being unavailable to provide or arrange for the provision of a basic or supplemental health service in accordance with the requirements of this Agreement, we are required only to make a good faith effort to provide or arrange for the provision of the service, taking into account the impact of the event. For purposes of this section, an event is not within our control if we cannot exercise influence or dominion over its occurrence.

- **Nonparticipating Provider Claims.** Written notice of claim for Nonparticipating Provider benefits must be given to us within 90 days after the date of treatment or as soon as reasonably possible, but in no event later than one year from the date of treatment unless the Member is legally incapacitated throughout that year. If a Member is hospitalized at a Hospital that is a Nonparticipating Provider, the Member shall or shall cause the Hospital or the Subscriber to notify us by telephone of the hospitalization on the first business day after the admission or as soon as reasonably possible. In the event that a Member is unable to personally contact us or is unable to instruct some other person to do so, the notification period will not begin until such time as the Member is again able to notify us. If a Member is conscious and able to communicate with others, they shall be deemed capable of notifying us. The claim will be paid or denied within 30 days following receipt of the claim, or if additional information is needed to make the determination, we will notify the Member and the Provider in writing within 30 days following receipt of the claim and provide an explanation of the additional information needed to process the claim. Claims must include a statement describing the services rendered, date of services and charges therefore. Written notice of claims should be addressed to:

Health Net Health Plan of Oregon, Inc.
Attn: Commercial Claims
P.O. Box 9040
Farmington, MO 63640-9040

- **Filing a Grievance or Appeal.** Any Grievance or Appeal brought to recover on this Agreement shall be limited to the Grievance and Appeal procedure under the “Grievances and Appeals” section of this Group Medical and Hospital Service Agreement. No Grievance or Appeal, including, but not limited, to inquiries regarding denial of claims for payments or for services, may be brought more than 180 days from the date of the Adverse Benefit Determination to file a Grievance requesting reconsideration of the decision, unless the complainant is legally incapacitated throughout that year in which case the Grievance or Appeal must be brought as soon as reasonably possible.
- **Calendar Year.** Any benefit limitation or other dollar amount that is calculated on an annual basis hereunder shall be calculated on the basis of a Calendar Year.

Rights of Members

- **Confidentiality of Medical Records.** We shall have access to information from medical records of Members and information received by Physicians in the course of the Physician/patient relationship and the right to use such information as is reasonably necessary in connection with our administration of this Agreement, for records review incident to any peer review, quality assurance program or Utilization Review program. All provisions of law or professional ethics forbidding, restricting, or treating as privileged or confidential such information are waived by or on behalf of each Member hereunder by acceptance of the benefits of this Agreement, and Members shall sign any specific releases necessary to effect this provision. Except as provided above, all such information shall be confidential and shall not be disclosed except as allowed by federal and state law.

- **Your right to information about Health Net.** The following information about Health Net is available upon request: An annual summary of Grievances and Appeals, an annual summary of Utilization Review policies, an annual summary of quality assessment activities, the results of all publicly available accreditation surveys, an annual summary of health promotion and disease prevention activities, an annual summary of scope of network and accessibility of services.

You may also call the Customer Contact Center at the phone number listed at the back of this Agreement.

- **Nondiscrimination.** A Member may not be canceled or nonrenewed on the basis of the status of their health or health care needs, provided however, that this paragraph shall not negate, waive, alter, or otherwise change any other provisions of this Agreement. Subscriber Group must conform to underwriting requirements on the Group Effective Date hereof and throughout the term of this Agreement and all succeeding terms.
- **Filing an Appeal.** A Member has the right to file an Appeal under the "Grievances and Appeals" section of this Group Medical and Hospital Service Agreement if dissatisfied with an Adverse Benefit Determination and may then submit an unresolved claim to arbitration under the "Grievances and Appeals" section of this Group Medical and Hospital Service Agreement. An Enrollee may receive, free of charge, reasonable access to documents used in the Adverse Benefit Determination.
- Upon the request, we will provide the following:
 - o Reasonable access to and copies of all documents, records, and other information relevant to a claim or request for coverage to a Member or the Member's authorized representative.
 - o Information, free of charge, on the processes, strategies, evidentiary standards, and other factors used to make Medical Necessity determinations of Behavioral Health Conditions or Substance Use Disorder benefits.
 - o Compliance with these disclosure requirements is not determinative of compliance with any other provisions of applicable federal or state law.

Your Rights and Protections Against Surprise Medical Bills. When you get Emergency Medical Care or are treated by an Out-of-Network Provider at an in-network Hospital or Ambulatory Surgical Center, you are protected from balance billing. In these cases, you shouldn't be charged more than your plan's Copayments, Coinsurance and/or Deductible.

- **What is "balance billing" (sometimes called "surprise billing")?** When you see a doctor or other health care Provider, you may owe certain out-of-pocket costs, such as a Copayment, Coinsurance, or Deductible. You may have additional costs or have to pay the entire bill if you see a Provider or visit a health care facility that isn't in your health plan's network.

"Out-of-Network" means Providers and facilities that haven't signed a contract with your health plan to provide services. Out-of-Network Providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called **"balance billing."** This amount is likely more than in-network costs for the same service and might not count toward your plan's Deductible or annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can’t control who is involved in your care, such as when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an Out-of-Network Provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service.

- **You’re protected from balance billing for:**

- o Emergency services. If you have an Emergency Medical Condition and get emergency services from an Out-of-Network Provider or facility, the most they can bill you is your plan’s in-network cost-sharing amount (such as Copayments, Coinsurance, and Deductibles). You **can’t** be balance billed for these emergency services. This includes services you may get after you’re in stable condition unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.
- o Services provided by an Out-of-Network Provider will be payable at the in-network level of cost benefits and Deductible, if applicable, and without balance billing (balance billing is the difference between a Provider’s billed charge and the Maximum Allowable Amount (MAA)).

- **Certain services at an in-network Hospital or Ambulatory Surgical Center.** When you get services from an in-network Hospital or Ambulatory Surgical Center, certain Providers there may be out-of-network. In these cases, the most those Providers can bill you is your plan’s in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These Providers **can’t** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other types of services at these in-network facilities, Out-of-Network Providers **can’t** balance bill you, unless you give written consent and give up your protections.

You’re never required to give up your protections from balance billing. You also aren’t required to get out-of-network care. You can choose a Provider or facility in your plan’s network.

- **When balance billing isn’t allowed, you also have these protections:**

- o You’re only responsible for paying your share of the cost (like the Copayments, Coinsurance, and Deductible that you would pay if the Provider or facility was in-network). Your health plan will pay any additional costs to Out-of-Network Providers and facilities directly.
- o Generally, your health plan must:
 - Cover emergency services without requiring you to get approval for services in advance (also known as “Prior Authorization”).
 - Cover emergency services by Out-of-Network Providers.
 - Base what you owe the Provider or facility (cost-sharing) on what it would pay an in-network Provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your in-network Deductible and out-of-pocket limit.

If you believe you’ve been wrongly billed, you may contact the Division of Financial Regulation (DFR) at 1-888-887-4894 or CMS at 1-800-985-3059. The federal phone number for information and complaints is: 1-800-985-3059. Visit <https://www.cms.gov/nosurprises> for more information about your

Grievances and Appeals

A Member is always encouraged to promptly contact our Customer Contact Center at the phone number listed at the back of this Agreement whenever there is a question, inquiry or a complaint about availability, or delivery, or quality of health care services under this Agreement or any other act by us. Our Customer Contact Center can also offer assistance in filing a Grievance when you have a complaint and ask for help to put it in writing. If the problem relates to an Adverse Benefit Determination, please consider the Internal Appeal process outlined below.

- **Internal Appeal and External Review.**

- Internal Appeal.** A Member aggrieved by denial of a claim or an Adverse Benefit Determination has 180 days from the date of receipt of our denial letter to request an Appeal and submit to our Grievances and Appeals department all information in support of the claim, including additional supporting information, if any. An Appeal must be submitted in writing. A written request can be made by sending it to us at: Health Net Health Plan of Oregon, Inc. Grievances and Appeals Department, 13221 SW 68th Parkway, Suite 315, Tigard, OR 97223. When the Appeal requires an expedited response, it is not required to be submitted in writing, but can be submitted orally by contacting our Customer Contact Center. We will acknowledge the Appeal within 7 days and report our decision and rationale within 30 days (72 hours for Expedited Reviews). A person who was involved in the consideration of the initial denial will not be involved in determining our decision during this Internal Appeal process. The Member will be informed of the determination in writing and notified of further Appeal rights as well as the possible right of Members participating in ERISA-qualified plans to seek legal redress under Section 502(a) of ERISA, Civil Enforcement. You will have the opportunity to receive continued coverage of an ongoing course of treatment previously approved by the insurer, pending the conclusion of the Internal Appeal process. If the insurer's denial is not reversed, you will be responsible to pay for the disputed item or service.
- External Review. You have the right to request that your claim be submitted for external review by an Independent Review Organization (IRO).** This right applies to an Adverse Benefit Determination that is based on whether a course or plan of treatment is: (i) Medically Necessary; (ii) Experimental or Investigational; (iii) subject to the provisions described in the "Continuity of Care" section of this Group Medical and Hospital Service Agreement; or (iv) delivered in an appropriate health care setting and with the appropriate level of care; (v) whether an exception to the health benefit plan's prescription drug formulary should be granted.

To be eligible for external review, the Member must (i) have exhausted the Internal Appeals process shown above; and (ii) provide us a signed Authorization to Use and Disclose Health Information (waiver) to release medical records to the IRO. The waiver with instructions and a return address and fax number is provided directly to the Member with an adverse Appeal determination. Members can also obtain a copy of the waiver on the Health Net website at www.healthnetoregon.com or call our Customer Contact Center at the phone number listed on the back of the membership card to request a copy of the waiver.

We may waive the requirement of compliance with the Internal Appeals process and have a dispute referred directly to external review upon the Member's consent, including when a Member simultaneously requests expedited internal and expedited external reviews.

The following describes the external review process:

1. The Member, or an authorized representative, applies in writing for external review of an Adverse Benefit Determination by us within the external review eligibility period. The external review eligibility period is the period within 180 calendar days following the Member's receipt of our final written decision of an Adverse Benefit Determination from our Internal Appeal process.
2. We will notify the Oregon Division of Financial Regulation (DFR) of your request for an external review no later than the second business day (immediately for Expedited Reviews) after receipt of the request.
3. The DFR will notify us of the assigned IRO no later than 1 business day after receipt of the notice from us; and will notify the Member of the assigned IRO no later than 2 business days after receipt of the notice from us.
4. We will provide the IRO information regarding the Adverse Benefit Determination, as well as a signed waiver from the Member granting the IRO access to medical records, no later than 5 business days (24 hours for Expedited Reviews) after receipt of the notice from the DFR.
5. A Member may submit additional information to the IRO no later than 5 business days after receipt of notice of the appointment of the IRO or 24 hours in the case of an Expedited Review.
6. The IRO will make the decision no later than 30 calendar days (72 hours for Expedited Reviews) after our receipt of the Member's external review request. The IRO will notify the Member and us of the decision no later than 5 calendar days after the decision is made.

Health Net Health Plan of Oregon will pay the cost for external review. The Member who applies for external review of an Adverse Benefit Determination must provide complete and accurate information to the IRO in a timely manner. **We hereby state that we will abide by the decisions rendered by the IRO, including decisions which may conflict with our definition of Medically Necessary. If we fail to comply with the decision of the IRO, the Member has a right to bring a lawsuit against us.** If the Member is a participant in an ERISA-qualified plan, the Member also has the alternate right to seek legal redress under Section 502(a) of ERISA, Civil Enforcement.

- c. **Expedited External Review.** We will expedite the external review if the Adverse Benefit Determination, that qualifies for Expedited Review, concerns an admission, the availability of care, a continued stay or a health care service for a medical condition for which the Enrollee received Emergency Medical Care and has not been discharged from a health care facility, or if a Provider with an established clinical relationship to the Enrollee certifies in writing and provides supporting documentation that the ordinary time period for external review would seriously jeopardize the life or health of the Enrollee or the Enrollee's ability to regain maximum function.
- Appeal of Utilization Review Determination.
 - a. When a Member or a Provider first Appeals a decision to deny Prior Authorization or benefits for services as not Medically Necessary or Experimental:

1. We shall acknowledge receipt of the notice of Appeal within 7 calendar days of receiving the notice; and
 2. A medical consultant shall review the Appeal and decide the issue within 30 days of receipt of the notice.
- b. We shall treat an Appeal from a decision by a medical consultant under this section as an Appeal under section b. above in this Group Medical and Hospital Service Agreement.
 - c. Nothing in this section shall prevent a Member from filing a Grievance under the “Grievances and Appeals” section of this Group Medical and Hospital Service Agreement.
- An otherwise applicable standard for timeliness outlined in this section of this Group Medical and Hospital Service Agreement does not apply when:
 - a. The period of time is too long to accommodate the clinical urgency of the situation;
 - b. The Member (or the Provider in the case of an Appeal) does not reasonably cooperate;
 - c. Circumstances beyond the control of a party prevent complying with the standard, but only if notice of inability to comply is given promptly; or
 - d. The request qualifies as an Expedited Review as defined, in which case we will review and report our decision and rationale within 72 hours for Expedited Reviews unless the claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the plan or health insurance policy.
 - In addition, a Member has the right to file a complaint with or seek other assistance from the Oregon DFR. If a Member chooses to do so, assistance is available. Contact the Oregon Division of Financial Regulation, Consumer Advocacy Unit at PO Box 14480, Salem, OR 97309-0405. Contact them by phone at 503-947-7984 or toll free at 888-877-4894, by email at DFR.InsuranceHelp@oregon.gov or online at <http://www.oregon.gov/DCBS/insurance/gethelp/Pages/fileacomplaint.aspx>.
 - A Subscriber Group or Member aggrieved by any action by us, including an Adverse Benefit Determination, must first exhaust the Grievance procedure as set forth in the “Grievances and Appeals” section of this Group Medical and Hospital Service Agreement. Arbitration is not required in Oregon, but when the Grievance procedure is exhausted, an aggrieved Subscriber Group or Member may submit their claim to binding arbitration. The arbitration shall be conducted in accordance with the Commercial Rules of the American Arbitration Association in effect at the time the arbitration is commenced before an arbitrator(s) selected by mutual agreement of the Subscriber Group or Member and us or, failing agreement, the American Arbitration Association. Information regarding the arbitration rules is available from our Customer Contact Center. Arbitration proceedings shall be governed by Oregon law, unless Oregon law conflicts with Federal Code, and shall be held in the Member's county of residence in Oregon or another county in Oregon if agreed upon between the Member and us. Unless there is a mutual agreement between the Subscriber or Member and us to use the arbitration process, the decision resulting from the arbitration will only be binding on the party that demanded arbitration.
 - Any legal action arising out of this Agreement must be filed in the state of Oregon.

- We will furnish to the Subscriber Group for delivery to each Eligible Employee or Member of the Subscriber Group a copy of this Agreement outlining the essential features of the coverage of the Eligible Employee or Member, to whom the benefits are payable, and the rights and conditions applicable in obtaining such benefits. If Dependents are included in the coverage, only one statement will be issued for each family unit.
- Upon the request of a Member, applicant, or prospective applicant, we will provide our annual report on Grievances and Internal Appeals and requests for external review, which is submitted to the Oregon Division of Financial Regulation (DFR) annually.

Coordination of Benefits

- This coordination of benefits provision applies when a covered Participant or a covered Dependent has health care coverage under more than one plan.
- The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the Primary Plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans do not exceed 100% of the total allowable expense.
- **“Plan”** means any of the following which provide benefits or services for, hospital-medical-surgical-dental care or treatment or other care described in separate policy endorsements to this benefit policy. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered part of the same plan and there is no coordination among those separate contracts.
 - a. Plan includes: group and individual insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.
 - b. Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for nonmedical components of group long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.
- Each contract or other arrangement for coverage described above is a separate plan. Also, if an arrangement has two or more parts and the coordination of benefits provision applies to only one of the two, each of the parts is a separate plan.
- **“This plan”** means, in a coordination of benefits provision, the part of this Agreement that provides benefits for health care expenses to which the coordination of benefits provision applies, and which may be reduced because of the benefits of other plans. Any other part of this Agreement providing health care benefits is separate from this plan. This Agreement may apply one coordination of benefits provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another coordination of benefits provision to coordinate other benefits.

- The order of benefit determination rules determine whether this plan is a primary plan or secondary plan when the person has health care coverage under more than one plan.

When this plan is primary, it determines payment for its benefit first before those of any other plan without considering any other plan's benefits. When this plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits do not exceed 100% of the total allowable expense.

- **“Allowable expense”** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

- a. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an allowable expense, unless one of the plans provides coverage for private Hospital room expenses.
 - b. If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
 - c. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
 - d. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the Provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.
 - e. The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include but are not limited to second surgical options, Prior Authorization of admissions, and preferred Provider arrangements.
- **“Closed panel plan”** is a plan that provides health care benefits to covered person primarily in the form of services through a panel of Providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or referral by a panel member.
 - **“Custodial parent”** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.

- **Order of Benefit Determination Rules.** If this coordination of benefits provision applies, the order of benefit determination rules should be looked at first. These rules determine whether the benefits of this plan are determined before or after those of another plan. The benefits of this plan shall not be reduced when, under the order of benefit determination rules, this plan determines its benefits before another plan. The benefits of this plan may be reduced when under the order of benefit determination rules; another plan determines its benefits first.

Except as provided in the paragraph below, a plan that does not contain a coordination of benefits provision that is consistent with this section is always primary unless the provision of both plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverage that are superimposed over base plan Hospital and surgical benefits, and insurance type coverage that are written in connection with a closed panel plan to provide out-of-network benefits.

- a. In general, when there is a basis for a claim under this plan and another plan, this plan is a secondary plan which has its benefits determined after those of the other plan unless: (1) the other plan has rules coordinating its benefits with those of this plan; and (2) both those rules and this plan's rules as set forth in section b. below require that this plan's benefits be determined before those of the other plan.
- b. This plan determines its order of benefits using the first of the following rules which applies:
 1. **Non-Dependent/Dependent.** The benefits of the plan which covers the person as other than a Dependent, for example as an employee, Member, Subscriber, or retiree. The benefits of the plan which covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a Dependent; and primary to the plan covering the person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, Member, Subscriber, or retiree is the secondary plan and the other plan is the primary plan.
 2. **Dependent Child covered under more than one plan.** Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one plan the order of benefits is determined as follows:
 - A. For a Dependent child whose parents are in a domestic partnership or married or are living together, whether or not they have ever been in a domestic partnership or married:
 - i. The benefits of the plan of the parent whose birthday falls earlier in the year are determined before those of the plan of the parent whose birthday falls later in that year; but
 - ii. If both parents have the same birthday, the benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period.
 - B. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been in a domestic partnership or married:

- i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree;
 - ii. If a court decree states both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of section b.2.A above of this section shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of section b.2.A of this section shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 1. the plan of the parent with custody of the child;
 2. the plan of the Domestic Partner or spouse of the parent with the custody of the child;
 3. the plan of the parent not having custody of the child;
 4. the plan of the Domestic Partner or spouse of the parent not having custody of the child.
 - C. For a Dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of section b.2.A or section b.2.B above shall determine the order of benefits as if those individuals were the parents of the child.
 - D. For a Dependent child who has coverage under either or both parents' plans and also has coverage as a Dependent under a Domestic Partner or spouse's plan, the rule in "Longer/Shorter Length of Coverage" section below applies.
 - E. In the event the Dependent child's coverage under the Domestic Partner or spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in section b.2.A. above, to the Dependent child's parent and the Dependent's spouse or Domestic Partner.
3. **Active/Inactive Employee.** The benefits of a plan which covers a person as an active employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a plan which covers that person as an inactive employee who is laid off or retired (or as that employee's Dependent). If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the "Non-Dependent/Dependent" section above can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, Member, Subscriber, or retiree or covering the person as a Dependent of an employee, Member, Subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if section b.1 above can determine the order of benefits.
 5. **Longer/Shorter Length of Coverage.** If none of the previous rules determines the order of benefits, the benefits of the plan which covered the employee, Member, or Subscriber longer are determined before those of the plan which covered that person for the shorter time.
 6. If the preceding rules do not determine the order of benefits, the allowable expenses shall be shared equally between the plans meeting the definition of “Plan” above in this section. In addition, this plan will not pay more than it would have paid had it been the primary plan.
- **Effect on the Benefits of This Plan.** This section applies when in accordance with the order of benefit determination rules stated in the “Order of Benefit Determination Rules” section above, this plan is a secondary plan to one or more other plans. In that event, the benefits of this plan may be reduced under this section. Such other plan or plans are referred to as “the other plans” in section a. below.
 - a. The benefits of this plan will be reduced so that the total benefits paid or provided by all plans during a plan year are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to an allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
 - b. If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a nonpanel Provider, benefits are not payable by one closed panel plan, coordination of benefits shall not apply between that plan and the other closed panel plans.
 - **Right to Receive and Release Necessary Information.** Certain facts about health care coverage are needed to apply these coordination of benefits provisions and to determine benefits payable under this plan and other plans. We have the right to decide which facts we need. We may get needed facts from or give them to any other organization or person. We need not tell or get the consent of any person to do this. Each person claiming benefits under this plan must give us any facts we need to apply these provisions and to pay the claim.
 - **Facility of Payment.** Any payment made under another plan may include an amount which should have been paid under this plan. If so, we may pay that amount to the organization which made the payment. That amount will then be treated as though it were a benefit paid under this plan. We will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

- **Right of Recovery.** If the amount of the payments made by us is more than it should have paid under this coordination of benefits provision, we may recover the excess from one or more of: (a) the persons it has paid or for whom it has paid; (b) insurance companies; or (c) other organizations. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.
 - a. A secondary plan which provides benefits in the form of services may recover the reasonable cash value of providing the services from the primary plan to the extent that benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.
 - b. Nothing in this provision shall be interpreted to require a plan to reimburse a covered person in cash for the value of services provided by the plan which provides benefits in the form of services.

Medicare

- In certain situations, this Agreement is secondary to Medicare. This means that when a Member is enrolled in Medicare and this Agreement at the same time, Medicare pays benefits for Covered Services first and we pay second, in accordance with federal law.
- All benefits provided under this Agreement shall be reduced by any amounts to which a Member is entitled based on their enrollment under the program commonly referred to as Medicare when federal law permits Medicare to pay before a group health plan.

Subrogation

In the event any Medical or Hospital Service or benefit is provided for, or any payment is made, or credit extended to a Member under this Agreement, we shall be subrogated and shall succeed to the Member's rights of recovery against any person or any organization including the right at our discretion to bring suit against any and all liable third parties. A Member shall pay over to us all sums recovered by suit, settlement or otherwise in an amount equal to such Medical or Hospital Service or benefit provided to the extent that: (1) The Member or covered Dependent(s) first receives full compensation for Member's or covered Dependent's injuries; and (2) The reimbursement or subrogation is paid only from the total amount of the recovery in excess of the amount that fully compensates for the Member's or covered Dependent's injuries.

- The Member shall take such action, furnish such information and assistance, and execute such assignments or other instruments as we may require to facilitate enforcement of its subrogation rights and shall take no action prejudicing our rights and interests under this Agreement.
- In some cases, the Member or covered Dependent(s) may have a legal right to recover costs for health care from a third party that may be responsible for the illness or injury. The following rules apply:
 - a. If we have provided any benefits, we shall be entitled to recover the amount paid from the proceeds of any settlement or recovery the Subscriber or a covered Dependent receives from the third party to the extent that:
 - 1. The Member or covered Dependent(s) first receives full compensation for the Member's or covered Dependent's injuries; and

2. The reimbursement or subrogation is paid only from the total amount of the recovery in excess of the amount that fully compensates for the Member's or covered Dependent's injuries.
 - b. The Member or covered Dependent(s) must hold the rights of recovery in trust for us, up to the amount of benefits already provided.
 - c. We may require Member or covered Dependent(s) to sign and deliver all legal papers necessary to secure our rights and the rights of the Member or covered Dependent(s). If requested, the Member or covered Dependent(s) must sign an agreement to hold the proceeds of any recovery in trust for us.
 - d. We will pay our share of the expenses of obtaining a recovery, such as attorney fees and court costs, out of any part of that recovery which is reimbursed to us.
- Most motor vehicle liability policies are required by law to provide liability insurance, primary medical payments insurance, and uninsured motorist insurance, and many motor vehicle policies also provide underinsurance coverage.
 - a. If we pay benefits before motor vehicle insurance payments are made, reimbursement must be made out of any subsequent motor vehicle insurance payments made to the Member and, when applicable, we may recover benefits already paid directly from the motor vehicle insurer or out of any settlement or judgment which the Member obtains by exercising their rights against a third party to the extent that:
 1. The Member or covered Dependent(s) first receives full compensation for the Member's or covered Dependent's injuries; and
 2. The reimbursement or subrogation is paid only from the total amount of the recovery in excess of the amount that fully compensates for the Member's or covered Dependent's injuries.
 - b. The Member must give us information about any motor vehicle insurance payments which may be available to the Member and, if we ask, the Member must sign an agreement to hold the proceeds of any recovery in trust for us.
 - We have the right to recover a mistaken payment from the person paid or anyone else who benefited from it, including a Provider of services, if:
 - a. We make a payment to which a Member or covered Dependent(s) is not entitled under this Agreement; or
 - b. We pay a person who is not eligible for benefits at all.

Independent Agents

- The relationship between Subscriber Group and a Subscriber is that of plan sponsor and Participant and is defined by the Group's health and welfare plan. We have no involvement in that relationship. The relationship between Subscriber Group and us is that of purchaser and seller and is entirely governed by the provisions of this Agreement. In addition, Subscriber Group acts as the agent of those Participants who are Subscribers with respect to all terms and provisions of this Agreement. Because the Subscriber pays the premium to us indirectly through their agent, the Subscriber Group, the relationship between a Subscriber and us is also that of purchaser and seller and is entirely governed by the provisions of this Agreement.
- The Subscriber Group agrees to indemnify and hold us and our directors, officers and employees harmless against any loss and all claims, lawsuits, settlements, judgments, costs, penalties, and expenses including attorneys' fees resulting from or arising out of the willful misconduct or dishonest, fraudulent, reckless, unlawful, or negligent acts or omissions of the Subscriber Group, any of its directors, officers, or employees or any Members Enrolled under this Agreement, except to the extent that such losses, claims, lawsuits, settlements, judgments, costs, penalties, or expenses result from the misconduct or dishonest, negligent, unlawful, reckless, or fraudulent act on the part of us or any of our directors, officers, employees, or parent, subsidiary, or otherwise affiliated entities.
- We shall use ordinary care in the exercise of our power and in the performance of our obligations under this Agreement.
- We agree to indemnify and hold harmless the Subscriber Group, its officers, and employees against any loss and all claims, lawsuits, settlements, judgments, costs, penalties, and expenses including attorneys' fees resulting from or arising out of the willful misconduct or dishonest, fraudulent, reckless, unlawful, or negligent acts or omissions of us or any of our directors, officers, or employees, or parent, subsidiary, or other affiliated entities except to the extent that such losses, claims, lawsuits, settlements, judgments, costs, penalties and expenses result from the misconduct or dishonest, fraudulent, reckless, negligent or unlawful acts or omissions of the Subscriber Group, its directors, officers or employees or any Members Enrolled under this Agreement.

Continuity of Care

- If the Member is undergoing treatment with a Participating Provider on the date our contract with that Participating Provider will terminate, the Member may be able to continue to receive care from that Provider, subject to the following conditions:
 - a. The Member must be undergoing an active course of treatment that is Medically Necessary on the date the contract would otherwise terminate; and
 - b. The benefits available to the Member under this Agreement, in relation to that course of treatment, would otherwise be eliminated or reduced to a benefit level below the benefit level specified in the plan for Out-of-Network Providers if the Member continued to receive care from that Provider; and
 - c. Our contract with the Participating Provider terminates for reasons allowed under Oregon statute; and
 - d. Both the Member and the Provider agree that it is desirable to continue the course of treatment with that Provider; and

- e. If the course of treatment is related to the Member's pregnancy, the Member has already entered the second trimester of that pregnancy; and
- f. The Provider agrees to continue the relationship with us as a Participating Provider, in relation to the course of treatment for that Member, as if the contract between that Provider and us had not terminated. This relationship shall continue for the duration of the course of treatment, as specified in the "Continued Course of Treatment" section below of this Group Medical and Hospital Service Agreement.
- When a contract with a Participating Provider will terminate, we will notify all Members who we know, or reasonably should know, are under the care of that Participating Provider. If we first learn that a Member is affected at a later date, we will notify that Member within 10 days of identifying that Member. The notice will be in writing and notify affected Members of the termination and the right to Continuity of Care as provided under this section of this Group Medical and Hospital Service Agreement. The notice will be provided as soon as we are aware of the termination, but in no event later than 10 days following the effective date of the termination. For the purpose of the "Continued Course of Treatment" section below of this Group Medical and Hospital Service Agreement, the date of the notice will be the earlier of the date the notice was received by the Member, and the date we receive or approve the request for Continuity of Care. If the Participating Provider is part of an Independent Practice Association (IPA), we may allow the IPA to deliver the notice to the Member for us, if the notice otherwise meets all other requirements of this section of this Group Medical and Hospital Service Agreement.
- **Continued Course of Treatment.** A course of treatment continued under this provision will be treated as if the Provider was still a Participating Provider, until the following dates:
 - a. For pregnancy; the later of (i) 45 days following the birth of the child; and (ii) when the care for that pregnancy ends.
 - b. For all other conditions; when the care for that condition ends.
 - c. However; in no instance shall the provisions of this section extend beyond the 120th day following the date the Member was notified of the termination of the contract with the Participating Provider and the Member's right to Continuity of Care.
