Health Net Health Plan of Oregon, Inc. Copayment and Coinsurance Schedule Health Net Oregon Standard Plan

PPO: Two plans, many choices. In health insurance, PPO stands for Preferred Provider Organization. For you, PPO means that you have flexibility and choice in deciding who will provide your health care. That's because this plan lets you receive services from Providers in our PPO network or Providers out of our network. Who performs the services determines which benefit level applies to Covered Services and how much you will pay out-of-pocket. To confirm whether a Provider participates in our PPO network and to verify which benefit level will apply to a covered service, please contact one of our Customer Contact Center representatives.

PPO Benefits: When you receive Covered Services from Providers in our PPO network, your expenses include a Calendar Year Deductible (if any), fixed dollar amounts for certain services or a fixed percentage that is applied to our contracted rates with PPO Providers. The percentage of our contracted rate that is your responsibility is shown on this Schedule as % contract rate.

When you receive Covered Services from a Provider in our PPO network, you are not responsible for charges that are above our contracted rates. We recommend that you contact your treating Provider to discuss the other types of Providers that may be used for your services, as Out-of-Network Provider charges will be reimbursed at the Out-of-Network level. **Certain services including but not limited to Birthing Center services, Home Health Care, infusion services that can be safely administered in the home or in a home infusion suite, organ and tissue transplant services, Durable Medical Equipment, and Prosthetic Devices/Orthotic Devices are covered only if provided by a designated Specialty Care Provider. See "Specialty Care Providers" under the "General Terms Under Which Benefits Are Provided" section of the Group Plan Benefits.**

Out-of-Network Benefits: When services are performed by a Provider who is not in our PPO network, your expenses include a Calendar Year Deductible, fixed dollar amounts for certain services and the amount by which billed charges exceed the Maximum Allowable Amount (MAA) for other services. We pay Out-of-Network Providers based on the MAA rates, not on billed amounts. The MAA may often be less than the amount a Provider bills for a service. Out-of-Network Providers may therefore hold you responsible for amounts they charge that exceed the MAA we pay. Amounts that exceed our MAA are not covered and do not apply to your annual Out-of-Pocket Maximum. Your responsibility for any amounts that exceed our MAA payment is shown on this Schedule as **MAA**.

Some benefits contain footnotes which provide additional coverage information. Please review the corresponding footnote reference in the Notes section of this Copayment and Coinsurance Schedule.

GROUP PLAN BENEFITS

General Terms Under Which Benefits Are Provided

Throughout this Group Plan Benefits section, the terms “we,” “our” and “us” refer to Health Net Health Plan of Oregon, Inc. (Health Net) and the terms “you” and “your” refer to the Subscriber and to each Enrolled Dependent unless otherwise specified.

Special terms used in this Group Plan Benefits section and Group Medical and Hospital Service Agreement to explain your plan have their first letter capitalized and appear in the “Definitions” section of the Group Medical and Hospital Service Agreement.

You are entitled to receive the benefits set forth in this Group Plan Benefits section subject to the following conditions:

- All benefits are subject to the terms, conditions and definitions in the Group Medical and Hospital Service Agreement and the exclusions and limitations in the “Exclusions and Limitations” portion of this Group Plan Benefits section, including payment of any applicable Deductible, Copayments and/or Coinsurance identified in the attached Copayment and Coinsurance Schedule.
- All services other than the limited preventive care services outlined in the Agreement are covered only if Medically Necessary as defined in the “Definitions” section of the Group Medical and Hospital Service Agreement.
- The fact that a Provider may provide, prescribe, order, recommend, approve, refer or direct a service or supply does not, in and of itself, make the service or supply a covered benefit. To qualify as covered Medical Services and supplies, all services and supplies must be expressly set forth as benefits in this Group Plan Benefits section.

Subject to the Specialty Care Provider requirements, you may choose to obtain covered Medical Services and supplies from a Nonparticipating Provider. You may incur higher out-of-pocket expenses if you receive services or supplies from a Nonparticipating Provider.

When services are performed by or received from a Nonparticipating Provider, your expenses include a Calendar Year Deductible (if any), fixed dollar amounts for certain services and the amount by which billed charges exceed the Maximum Allowable Amount (MAA). The definition of MAA is set forth in the “Definitions” section of the Group Medical and Hospital Service Agreement. The MAA for covered Medical Services and supplies may not be the same as what the Nonparticipating Provider bills.

Even though a Hospital or other Provider may be a Participating Provider, during your visit or stay you may receive Covered Services or supplies, which are performed by or received from Nonparticipating Providers. If you receive Covered Services at an in-network facility (including, but not limited to, a licensed Hospital, an Ambulatory Surgical Center or other outpatient setting, a laboratory, or a radiology or imaging center), at which, you receive Covered Services by an Out-of-Network Provider, the services provided by the Out-of-Network Provider will be payable at the in-network level of cost benefits and Deductible, if applicable, and without balance billing (balance billing is the difference between a Provider’s billed charge and the Maximum Allowable Amount (MAA)). Such other types of Providers may include, but are not limited to, those who provide anesthesia services, emergency room physician services, radiology (x-ray), pathology and laboratory services.

For Covered Services, Health Net uses available guidelines of Medicare, including billing and coding requirements, to assist in its determination as to which services and procedures are eligible for reimbursement, and in determining the Maximum Allowable Amount (MAA). The definition of MAA is set forth in the “Definitions” section of the Group Medical and Hospital Service Agreement.

- A Medical service or supply not expressly included in this Group Plan Benefits section is not a covered benefit, even if it is not specifically listed as an exclusion in the “Exclusions and Limitations” portion of this Group Plan Benefits section.
- **Specialty Care Providers.** Medical Services for certain conditions or certain treatment procedures are covered only if such services are provided at Participating Providers that are designated as Specialty Care Providers. Services which require use of a Specialty Care Provider include, but are not limited to: 1) Birthing Center services; 2) Home Health Care; 3) infusion services that can be safely administered in the home or in a home infusion suite; 4) organ and tissue transplant services; 5) Durable Medical Equipment; 6) Prosthetic Devices/Orthotic Devices; and 7) Wigs. We have the right to require a Member to use a designated Specialty Care Provider as a condition to receive coverage under this Agreement.

Specialty Care Providers may be located anywhere in the United States. Members may be required to travel out of the Service Area to receive care. If a Member is required by us to use a Specialty Care Provider outside the Service Area, we will pay reasonable transportation, board and lodging expenses for the Member, to be determined by us based upon individual circumstances, including without limitation the distance between the Member’s home and the Specialty Care Provider, and the Member’s medical condition.

- We reserve the right to modify benefits under this Agreement at any time. Written notice of benefit changes, including modifications to preventive benefits, will be provided to Enrollees at least 60 days prior to the effective date of the change.

- The coverage described in this Group Plan Benefits section shall be consistent with the Essential Health Benefits coverage requirements in accordance with the Affordable Care Act (ACA). The Essential Health Benefits are not subject to any annual or lifetime dollar limits.
- The benefits described under this Agreement do not discriminate on the basis of race, ethnicity, nationality, gender, gender identity, gender expression, age, disability, sexual orientation, genetic information, or religion, and are not subject to any pre-existing condition exclusion period. Please refer to the Notice of Nondiscrimination section in the Group Medical and Hospital Agreement.

Emergency Medical Care

Certain exclusions and limitations may apply. Be sure you read the "Exclusions and Limitations" portion, the "Prior Authorization" subsection of this Group Plan Benefits section, and your Copayment and Coinsurance Schedule for additional benefit limitation information, before obtaining care.

Emergency Medical Care is covered inside or outside the Service Area without Prior Authorization, including emergency eye care. See the "Definitions" section of the Group Medical and Hospital Service Agreement. Benefits payable to Nonparticipating Providers are paid at the Nonparticipating Provider Level specified in the Copayment and Coinsurance Schedule.

Emergency Inside the Service Area. If you have an Emergency Medical Condition inside the Service Area and you reasonably believe that the time required to contact your primary care Provider or to go to a Participating Provider Hospital would seriously jeopardize your health (including an unborn child), medical care should be sought from the nearest Provider appropriate for the severity of your condition (Physician's office or Clinic, or Hospital emergency room) or call 911.

Emergency Outside the Service Area. If you have an Emergency Medical Condition outside the Service Area and reasonably believe that the time required to contact your primary care Provider would seriously jeopardize your health (including an unborn child), medical care should be sought from the nearest Provider appropriate for the severity of your condition (Physician's office or Clinic, or Hospital emergency room) or call 911. Prescription medications associated with an Emergency Medical Condition, including those purchased in a foreign country are covered. See the "Prescription Drug benefits" subsection of this Group Plan Benefits section for more information.

Emergency Room. Services of a Hospital emergency room are limited to treatment of an Emergency Medical Condition and are not covered if merely for your convenience.

Notification. If you are hospitalized for an Emergency Medical Condition, notice of the admission sufficient to establish your identity and the institution to which you were admitted must be given to us no later than 24 hours or by the next business day after admission or as soon as medically possible.

Follow-up and Continued Care. To ensure the maximum available benefits under this Agreement, you should obtain your follow-up care after Stabilization of an Emergency Medical Condition from Participating Providers and in accordance with any Prior Authorization requirements. If you are hospitalized in a Nonparticipating Provider Hospital, you will be financially responsible for any care that we determine is not Medically Necessary. Care and treatment provided after Stabilization is no

longer considered Emergency Medical Care. If you have been admitted to a Nonparticipating Provider Hospital and require continuous care, we can help transfer you to a Participating Provider as soon as Stabilization has occurred. Continuation of care from a Nonparticipating Provider Hospital beyond what is required to evaluate or stabilize your condition in an emergency will be reimbursed at the Out-of-Network level for Covered Services unless we authorize Medically Necessary continuous care.

Ambulance Transport. Licensed ground or air ambulance services are covered in the event of an Emergency Medical Condition. Air ambulance service is covered only when ground transportation is medically or physically inappropriate. Medically Necessary ambulance transport for facility to facility transfers is covered only when Prior Authorized. Prior Authorization requirements can be verified by contacting us or as outlined in the “Prior Authorization” section of this Group Plan Benefits. An approved generic equivalent shall mean a generic drug that has been given an “A” therapeutic equivalent code by the Department of Health and Human Services. If a generic equivalent exists but a brand name drug is requested and approved, you may be required to pay an ancillary charge equal to the difference between the cost of the generic drug and the brand name drug in addition to the applicable Copayment and/or Coinsurance. This ancillary charge does not apply toward your plan’s Out-of-Pocket Maximums.
- The amount of drug to be dispensed per filled prescription shall be for such quantities as directed by the licensed prescriber (e.g. physician, pharmacist) as allowed by law, but in no event shall the quantity exceed a 90-day supply when filled in a pharmacy or a 90-day supply when filled through mail order. Some drugs, including, but not limited to, compounded medications, require Prior Authorization and/or may have a dosage or quantity restriction set by the Plan.
- All drugs, including insulin and diabetic supplies, must be prescribed by a Participating Provider and must be dispensed by a Participating Provider pharmacy, except for Emergency Medical Care rendered outside the Service Area.
- Prescription Deductibles (if any), Copayments and/or Coinsurance amounts you pay for prescription drugs apply toward your plan’s medical Out-of-Pocket Maximums.

- **Specialty Pharmacy.** Certain drugs identified on the Essential Rx Drug List (EDL) are classified as Specialty Pharmacy drugs under your plan. Specialty Pharmacy drugs are high cost biologic, injectable and oral drugs typically dispensed through a limited network of pharmacies and having significantly higher cost than traditional pharmacy benefit drugs.
- **Orally Administered Anticancer Medications.** This plan covers Medically Necessary orally administered anticancer medications used to kill or slow the growth of cancerous cells which under law may only be dispensed by written prescription of a duly licensed health care provider. Mail order prescriptions are not covered.
- **Tobacco cessation medications.** Food and Drug Administration (FDA) approved prescription drugs classified as smoking cessation medications are covered when dispensed by a Participating Provider pharmacy. FDA approved, over-the-counter tobacco cessation medications require a prescription from your Participating Provider. No Deductible, Copayment and/ or Coinsurance shall apply for each prescription or refill of a generic class drug when dispensed by a Participating Provider pharmacy. If a generic class drug is not available, no Deductible, Copayment and/ or Coinsurance shall apply for each prescription or refill of a brand name drug. Deductible, Copayment and/ or Coinsurance will apply to brand name drugs that have generic equivalents, unless the Provider indicates the brand name drug is Medically Necessary.
- **Preventive Pharmacy.** Preventive Pharmacy medications require a prescription and are limited to prescription drugs and over-the-counter medications that are determined to be preventive as recommended by the United States Preventive Services Task Force (USPSTF) A and B recommendations. A listing of these medications may be identified at the following USPSTF website: <http://www.uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations/>. No Deductible, Copayment and/ or Coinsurance shall apply for each prescription or refill of a generic class drug when dispensed by a Participating Provider pharmacy. If a generic class drug is not available, no Deductible, Copayment and/ or Coinsurance shall apply for each prescription or refill of a brand name drug. Deductible, Copayment and/ or Coinsurance will apply to brand name drugs that have generic equivalents.

Compounded medications, and prescriptions or refills dispensed by a Nonparticipating Provider pharmacy are not covered.

- **Women's contraception methods.** Food and Drug Administration (FDA) approved contraceptive methods, patient education and counseling for all women with reproductive capacity are covered when dispensed by a Participating Provider pharmacy. If the initial 3 month supply is prescribed, then a 12 month refill of the same contraceptive is covered, regardless if the initial prescription was covered under the plan.

FDA approved, over-the-counter contraceptive methods for women require a prescription from your Participating Provider. This plan also covers hormonal contraceptive patches, injectables and self-administered oral hormonal contraceptives prescribed by a participating licensed prescriber (e.g. physician, pharmacist) as allowed by law. No Deductible, Copayment and/ or Coinsurance shall apply for each prescription or refill of a generic class drug when dispensed by a Participating Provider pharmacy.

If a generic class drug is not available, no Deductible, Copayment and/ or Coinsurance shall apply for each prescription or refill of a brand name drug. Deductible, Copayment and/ or Coinsurance will apply to brand name drugs that have generic equivalents, unless the Provider indicates the brand name drug is Medically Necessary.

Abortifacient drugs, compounded medications, and prescriptions or refills dispensed by a Nonparticipating Provider pharmacy are not covered.

- **Growth Hormone Drugs.** Growth hormone drugs are covered if determined to be Medically Necessary and if our medical/pharmacy policy criteria are met. Prior Authorization is required.
- The level of benefit you receive is based on the status of the drug on the Essential Rx Drug List (EDL) at the time your prescription is filled. Only drugs listed on the EDL are covered. The EDL may be revised up to four times per Calendar Year based on the recommendations of the Pharmacy and Therapeutics Committee. Any such changes including additions and deletions from the EDL will be communicated to Participating Providers. The EDL can be found on the Health Net website at https://www.healthnet.com/portal/member/content/iwc/member/unprotected/health_plan/content/drug_list_ifp.action. Compounded medications are subject to the Tier 3 Copayment and/or Coinsurance. Brand name drugs with generic equivalents are subject to the Tier 3 Copayment and/or Coinsurance as soon as a generic becomes available.
- If a drug is not on the EDL, and is not specifically excluded from coverage, your doctor can ask for an exception. To request an exception, your doctor can submit a Prior Authorization request along with a statement supporting the request. Requests for Prior Authorization may be submitted by telephone, mail, or facsimile (fax). If we approve an exception for a drug that is not on the EDL, the non-preferred brand tier (Tier 3) Copayment applies except for FDA approved Preventive Pharmacy medications, which would be covered at no cost. If you are suffering from a condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug that is not on the EDL, then you, your designee or your doctor can request an expedited review. Expedited requests for Prior Authorization will be processed within 24 hours after Health Net's receipt of the request and any additional information requested by Health Net that is reasonably necessary to make a determination.
- Reimbursement (minus the Copayment and/or Coinsurance) will be made for prescriptions filled by a pharmacy other than a Participating Provider pharmacy for Emergency Medical Care rendered outside the Service Area, upon presentation of pharmacy receipts to Health Net and sufficient documentation to establish the need for Emergency Medical Care.
- Reimbursement (minus the Copayment and/or Coinsurance) will be made for coverable prescriptions filled by a licensed practitioner at a rural health clinic for an urgent medical condition if there is not a pharmacy within 15 miles of the clinic or if the prescription is dispensed for a patient outside of the normal business hours of any pharmacy within 15 miles of the clinic. For these purposes, "urgent medical condition" means a medical condition that arises suddenly, is not life-threatening and requires prompt treatment to avoid the development of more serious medical problems.

“Maximum Allowable Amount (MAA)” is the amount that we use to calculate what we pay for Covered Medical Services and Supplies provided by a Nonparticipating Provider which may be less than the amount billed for those Services and Supplies. We calculate MAA as the lesser of the amount billed

by the Nonparticipating Provider or the amount determined as set forth below. MAA is not the amount that we pay for a Covered Service or Supply; the actual payment will be reduced by applicable Coinsurance, Copayments, Deductibles and other applicable amounts set forth in your Copayment and Coinsurance Schedule.

- The MAA for Emergency Care will be the greatest of: (1) the amount negotiated with Participating Providers for the emergency service provided, excluding any in-network Copayment or Coinsurance; (2) the amount calculated using the same method we generally use to determine payments for Nonparticipating Providers, excluding any in-network Copayment or Coinsurance; or (3) the amount paid under Medicare Part A or B, excluding any in-network Copayment or Coinsurance.
- The MAA for covered outpatient pharmaceuticals (including but not limited to injectable medications) dispensed and administered to the patient by a Nonparticipating Provider, in an outpatient setting, including, but not limited to, Physician office, outpatient Hospital facilities, and services in the patient's home will be the lesser of billed charges or the "Average Wholesale Price" for the drug or medication. "Average Wholesale Price" is the amount listed in a national pharmaceutical pricing publication, and accepted as the standard price for that drug by Health Net.
- The MAA for Covered Services and Supplies, excluding Emergency Medical Care and outpatient pharmaceuticals, received from a Nonparticipating Provider is a percentage of what Medicare would pay (known as the Medicare allowable amount). Medicare pays 100% of the Medicare allowable amount.
- The MAA for facility services, including but not limited to Hospital, Skilled Nursing Facility, and Outpatient Surgery, is determined by applying 160% of the Medicare allowable amount.
- The MAA for Physician and all other types of services and supplies is the lesser of the billed charge or 160% of the Medicare allowable amount.
- In the event there is no Medicare allowable amount for a billed service or supply code, MAA shall be determined by Health Net as the lesser of: (1) the amount negotiated with Participating Providers for similar Covered Services or Supplies provided; (2) the amount calculated using databases of provider charges and allowable payments maintained by entities including, but not limited to, Fair Health and Data iSight; (3) an amount based on the Medicare for a similar Covered Services or Supplies; or (4) 50% of Out-of-Network Provider's billed charges for Covered Services.
- MAA is subject to other limitations on covered Medical Services. See your Copayment and Coinsurance Schedule, Group Plan Benefits section, and any Supplemental Benefit Schedules and Amending Attachments for specific Deductibles, benefit limitations, maximums, requirements and multiple surgery payment policies that limit the amount that we pay for covered Medical Services and supplies. We use available guidelines of Medicare and/or Medicaid to assist in our determination as to which services and procedures are eligible for reimbursement. We will, to the extent applicable, apply Medicare claim processing rules to claims submitted. We will use these rules to evaluate the claim information and determine accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying Medicare rules may affect the MAA if it is determined the procedure or diagnosis codes used were inconsistent with Medicare procedure coding rules or reimbursement policies.

The Medicare allowable amount is subject to automatic adjustment by the Center for Medicare and Medicaid Services (CMS), an agency of the federal government which regulates Medicare.

The following shows how MAA applies to claims payment:

For illustration purposes only, Out-of-Network Provider: 70% Plan Payment / 30% Member Coinsurance

Nonparticipating Provider’s billed charge for extended office visit.....	\$128.00
MAA allowable for extended office visit (MAA may not always equal this amount)	\$102.40
Your Coinsurance is 30% of MAA: 30% x \$102.40 (assumes Deductible has already been satisfied)	\$30.72
You also are responsible for the difference between the billed charge (\$128.00) and the MAA amount (\$102.40)	\$25.60
Total amount of \$128.00 charge that is your responsibility.....	\$56.32

NOTE: We have the right to adjust, without notice, the MAA. Claims payment will be determined according to the schedule in effect at the time the charges are incurred. Claims payment will also never exceed the amount the Out-of-Network Provider charges for the service or supply. You should contact the Customer Contact Center if you wish to confirm the covered expenses for any treatment or procedure you are considering.

In addition to the above, from time to time, we also contract with networks that have contracted fee arrangements with Providers (“third party networks”). In the event we contract with a third party network that has a contract with the Nonparticipating Provider, we may, at our option, use the rate agreed to by the third party network as the MAA.

Alternatively, we may, at our option, refer a claim for Nonparticipating Provider services to a fee negotiation service to negotiate the MAA for the service or supply provided directly with the Nonparticipating Provider. In either of these two situations, you will not be responsible for the difference between the MAA and the billed charges. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the Out-of-Network level.

In the event that the billed charges for Covered Medical Services and Supplies received from a Nonparticipating Provider are more than the MAA, you are responsible for any amounts charged in excess of the MAA, in addition to applicable Deductibles, Copayments or Coinsurance.

- b. The Member's coverage under this Agreement would otherwise terminate due to termination of the Subscriber's employment or the Subscriber's death, dissolution of a registered domestic partnership, or divorce.
- Continuation of coverage is not available if a Subscriber is eligible for: (a) Federal Medicare coverage; or (b) a medical-hospital benefit plan that did not cover him or her when his or her eligibility under this Agreement ended.
 - Continuation coverage is available for all Dependents who were Enrolled at the time coverage terminated. All Dependents who were Enrolled under this Agreement must continue to be covered with the Subscriber or with the surviving or divorced spouse or Registered Domestic Partner who is continuing coverage.
 - Members who wish to have continued coverage under this Agreement must sign a special application form for themselves and their Enrolled Dependents within 31 days after the Subscriber's termination of employment, dissolution of a registered domestic partnership, divorce or death. The Subscriber Group must send the application to us along with its next regular monthly billing. The billing should note the individuals who are continuing group coverage.
 - If a Member wishes to continue group coverage, the correct premium must be paid to the Subscriber Group each month in advance. The Subscriber Group must then send the premium payments to us along with its regular monthly premium. We will accept continuation of premiums only if they are included in the Subscriber Group's regular monthly premium payments. Please Note: The first premium must be sent to the Subscriber Group with the signed application within 31 days of the date the Member's group coverage was terminated.
 - A Member's continuation of coverage will end on the last day of the month during which any one of the following occurs:
 - a. Nine months expire from the time eligibility for group coverage normally would have ended;
 - b. We fail to receive full premiums for the Member with the Subscriber Group's regular monthly payment;
 - c. The Member becomes insured under any other group health plan or becomes eligible for Medicare;
 - d. We received 30-day written notice through the Subscriber Group that the Member wishes to terminate group coverage; or
 - e. This Agreement is terminated by either the Subscriber Group or us.
 - A Subscriber who has terminated employment by reason of layoff shall not be subject upon any rehire that occurs within nine months of the time of the layoff to any waiting period prerequisite to coverage under this Agreement if the Subscriber was eligible for coverage at the time of the termination and regardless of whether the Subscriber continues coverage during the layoff.
 - A Member age 55 or older who would otherwise lose coverage due to the death of a Subscriber, dissolution of a registered domestic partnership, divorce or legal separation from a Subscriber may continue coverage for himself or herself and his or her Dependent children who would otherwise lose coverage due to the death, dissolution of a registered domestic partnership, divorce or legal separation. This section applies only if the Subscriber Group has 20 or more Subscribers. Termination of coverage under this section shall be on the earlier of:

- a. The failure to pay premiums when due;
- b. The termination of this Agreement;
- c. The date on which the Member becomes covered under another group health plan;
- d. The date on which the Member becomes eligible for Medicare coverage; or
- e. For Dependent children only, the date on which a Dependent ceases to meet the requirements according to the definition of Dependents in the “Definitions” section of this Group Medical and Hospital Service Agreement.

Reinstatement Of Medical Coverage After Military Leave

In accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), when your coverage under this Agreement ends because you enter into active service in the United States Armed Forces, you may again be covered if:

- You return to active full-time employment with your Subscriber Group; and
- You make a written request for reinstatement to us with:
 - a. 90 days of your discharge from active services; or
 - b. one year following hospitalization which continues after your discharge from active service

The coverage provided will be the same coverage provided by your Subscriber Group to other employees and Dependents at the time of application. Your coverage will start on the date we receive your request for reinstatement. If you had completed all or part of an exclusionary or waiting period under this Agreement before your entry into active military service, you will not be required to complete that period a second time.

Each of your Dependents who were covered under this Agreement immediately prior to your entry into active military service will also be reinstated for coverage on the date your coverage begins again, if otherwise eligible. Eligible Dependents born during the period of active military duty will have the same rights as other Dependents under this Agreement.

Small Employer Coverage

- We may provide different Health Benefit Plans to different categories of employees of a Small Employer when the employer has chosen to establish different categories of employees in a manner that does not relate to the actual or expected health status of such employees or their Dependents. The categories must be based on bona fide employment-based classifications that are consistent with the employer’s usual business practice.
- Except in the case of Small Employers that are not physically located in our approved Service Area, when an employee does not work or reside in our approved Service Area, or based on provider network capacity limitations, when we offer coverage to a Small Employer we shall offer coverage to all Eligible Employees of the Small Employer.

- If the Small Employer elects to offer coverage to Dependents of Eligible Employees, we shall offer coverage to all Dependents of Eligible Employees.

We enforce reasonable employer participation and contribution requirements on Small Employer groups applying for coverage with us. However, participation and contribution requirements shall be applied uniformly among all Small Employer groups with the same number of Eligible Employees applying for coverage or receiving coverage from us. In determining minimum participation requirements, we shall count only those employees who are not covered by an existing group Health Benefit Plan, Medicaid, Medicare, TRICARE, Indian Health Service or a publicly sponsored or subsidized health plan, including, but not limited to, the Oregon Health Plan.

Continuation of group coverage is available to Small Employer groups with less than 20 employees. See the “Oregon State Continuation of Coverage” section of the Group Medical and Hospital Service Agreement. Continuation of group coverage is available to Subscriber Groups not required to offer continuation under the Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”) under the “Federal Continuation of Coverage” section of the Group Medical and Hospital Service Agreement.

Participating Providers

- If a Member receives care from a nonparticipating Physician or other nonparticipating health care Provider, except as stated under “General Terms Under Which Benefits Are Provided: section, without a required Prior Authorization, the Member shall be responsible for the cost of those services. Failure of the Nonparticipating Provider to obtain the Prior Authorization shall in no way relieve the Member of the financial responsibility for services received from that Provider. If you receive care for covered Medical Services and supplies from a participating Physician or other participating health care Provider without a required Prior Authorization, that Provider is not permitted to bill you for those services.
- Upon Enrollment, each Member will be issued a plan identification card. It is the Member’s responsibility to notify us if the card is not received within a reasonable time after the Member’s Effective Date of coverage. In addition, it is the Member’s responsibility to present the card to each health care Provider at the time of service.
- To ensure the maximum available benefits under this Agreement, Members should obtain all Medical Services from Participating Providers and in accordance with any Prior Authorization requirements, even when a Member expects payment to be made by another plan or a third party. Care furnished by a Nonparticipating Provider is generally reimbursed at a lower level. Members should consult our Participating Provider Directory for a list of Participating Providers, including Women’s Health Care Providers, authorized to act as Primary Care Providers.
- If a Member resides outside the Service Area and is unable to receive services from Participating Providers, the Member’s Coinsurance for Covered Services will be at the Nonparticipating Provider Level specified in the Copayment and Coinsurance Schedule.
- For personal reasons, a Member may refuse to accept a procedure or treatment recommended by the treating Physician.

- The relationship between us and Participating Providers is that of independent contractors. Participating Providers are independent professionals who operate their own offices and business, make their own medical decisions, and provide services to entities and patients other than us and our Members. Participating Providers agree to methods and rates of payment from us, concurrent and retrospective review by us of Medical Services provided to Members, and our medical management procedures.
- The fact that Members and Participating Providers each have contractual relationships with us does not prevent a Member from obtaining or a Participating Provider from providing services that are not covered by us. We have no direct control over the examination, diagnosis or treatment of a Member. We do perform medical management, including, but not limited to, case review for purposes of determining coverage, consultation with Providers regarding Prior Authorization, and concurrent and retrospective review of Medical Services provided to Members. The purpose of our medical management procedures is to encourage the lowest cost method of treating a Member which, based upon the Medical Director's sole judgment of the prevailing standards of medical treatment, meets the needs of the Member. These procedures are not intended to ration care or limit care to methods not appropriate to treat a Member's condition. These procedures are not intended to create a Physician/patient relationship or to replace the relationship between a Member and his or her Physician. A Member is always entitled to obtain, at his or her own expense, services not covered under the terms of this Agreement.
- We shall use ordinary care in the exercise of our power and in the performance of our obligations under this Agreement.
- A Nonparticipating Provider must cooperate with our requirements for review of treatment and to the same extent as a Participating Provider in order to be eligible for reimbursement.

General Limitations

- **Discontinued or modified benefits.** Benefits provided by this Agreement may be discontinued or modified on at least 60 days prior written notice to the Subscriber, subject to prior approval by the Department of Consumer and Business Services. You do not acquire a vested right to continue to receive a benefit as set forth in this Agreement on or after the effective date of any revocation or change to such benefit. Your right is to receive only such benefits as are expressly provided for and in effect on the date of each treatment. The 60 day notice requirement does not apply to normal and customary administrative changes that do not have an actuarial impact, such as formulary changes, or to a decrease or increase required by state or federal law. Upon termination of this Agreement or a Member's coverage under this Agreement, a Member's right to continued benefits consists solely of those benefits expressly set forth in the "Federal Continuation of Coverage," "Oregon State Continuation of Coverage," sections of this Group Medical and Hospital Service Agreement.
- **Members are entitled to receive benefits subject to the exclusions and limitations as stated in any provision of this Agreement.**
- **Benefits are available only for services that are Medically Necessary except for services covered as preventive care as outlined in the "Preventive Care" section of the Group Plan Benefits section.**

- **Nonparticipating Provider Services.** Coverage for the services of a Nonparticipating Provider is limited to and based on a Maximum Allowable Amount fee.
- **Unauthorized Benefits.** Members who are treated by a Provider without a Prior Authorization, if required pursuant to the “Prior Authorization” portion of the Group Plan Benefits section, will have any and all such claims denied by us.
- **All benefits, exclusions and limitations set forth in the attached Copayment and Coinsurance Schedules, or any Supplemental Benefit Schedules are incorporated herein by this reference.**
- **To the extent that a natural disaster, war, riot, civil insurrection, epidemic, or any other emergency** or similar event not within our control results in our facilities, personnel, or financial resources being unavailable to provide or arrange for the provision of a basic or supplemental health service in accordance with the requirements of this Agreement, we are required only to make a good faith effort to provide or arrange for the provision of the service, taking into account the impact of the event. For purposes of this section, an event is not within our control if we cannot exercise influence or dominion over its occurrence.
- **Nonparticipating Provider Claims.** Written notice of claim for Nonparticipating Provider benefits must be given to us within 90 days after the date of treatment or as soon as reasonably possible, but in no event later than one year from the date of treatment unless the Member is legally incapacitated throughout that year. If a Member is hospitalized at a Hospital that is a Nonparticipating Provider, the Member shall or shall cause the Hospital or the Subscriber to notify us by telephone of the hospitalization on the first business day after the admission or as soon as reasonably possible. In the event that a Member is unable to personally contact us or is unable to instruct some other person to do so, the notification period will not begin until such time as the Member is again able to notify us. If a Member is conscious and able to communicate with others, he or she shall be deemed capable of notifying us. The claim will be paid or denied within 30 days following receipt of the claim, or if additional information is needed to make the determination, we will notify the Member and the Provider in writing within 30 days following receipt of the claim and provide an explanation of the additional information needed to process the claim. Claims must include a statement describing the services rendered, date of services and charges therefore. Written notice of claims should be addressed to:

No Grievance or Appeal, including, but not limited, to inquiries regarding denial of claims for payments or for services, may be brought more than 180 days from the date of the Adverse Benefit Determination to file a Grievance requesting reconsideration of the decision, unless the complainant is legally incapacitated throughout that year in which case the Grievance or Appeal must be brought as soon as reasonably possible.
- **Calendar Year.** Any benefit limitation or other dollar amount that is calculated on an annual basis hereunder shall be calculated on the basis of a Calendar Year.

Rights of Members

- **Confidentiality of Medical Records.** We shall have access to information from medical records of Members and information received by Physicians in the course of the Physician/patient relationship and the right to use such information as is reasonably necessary in connection with our administration of this Agreement, for records review incident to any peer review, quality assurance program or Utilization Review program. All provisions of law or professional ethics forbidding, restricting or treating as privileged or confidential such information are waived by or on behalf of each Member hereunder by acceptance of the benefits of this Agreement, and Members shall sign any specific releases necessary to effect this provision. Except as provided above, all such information shall be confidential and shall not be disclosed except as allowed by federal and state law.

Subscriber Group must conform to underwriting requirements on the Group Effective Date hereof and throughout the term of this Agreement and all succeeding terms.
- **Filing an Appeal.** A Member has the right to file an Appeal under the "Grievances and Appeals" section of this Group Medical and Hospital Service Agreement if dissatisfied with an Adverse Benefit Determination and may then submit an unresolved claim to arbitration under the "Grievances and Appeals" section of this Group Medical and Hospital Service Agreement. An Enrollee may receive, free of charge, reasonable access to documents used in the Adverse Benefit Determination.
- Upon the request, we will provide the following:

Grievances and Appeals

A Member is always encouraged to promptly contact our Customer Contact Center at the phone number listed at the back of this Agreement whenever there is a question, inquiry or a complaint about availability, or delivery, or quality of health care services under this Agreement or any other act by us. Our Customer Contact Center can also offer assistance in filing a Grievance when you have a complaint and ask for help to put it in writing. If the problem relates to an Adverse Benefit Determination, please consider the Internal Appeal process outlined below.

- a. **Internal Appeal.** A Member aggrieved by denial of a claim or an Adverse Benefit Determination has 180 days from the date of receipt of our denial letter to request an Appeal and submit to our Appeals and Grievances department all information in support of the claim, including additional supporting information, if any. An Appeal must be submitted in writing. A written request can be made by sending it to us at: Health Net Health Plan of Oregon, Inc. Grievances and Appeals Department, 13221 SW 68th Parkway, Suite 200, Tigard, OR 97223. When the Appeal requires an expedited response, it is not required to be submitted in writing, but can be submitted orally by contacting our Customer Contact Center. We will acknowledge the Appeal within 7 days and report our decision and rationale within 30 days (72 hours for Expedited Reviews). A person who was involved in the consideration of the initial denial will not be involved in determining our decision during this Internal Appeal process. The Member will be informed of the determination in writing and notified of further Appeal rights as well as the possible right of Members participating in ERISA-qualified plans to seek legal redress under Section 502(a) of ERISA, Civil Enforcement. You will have the opportunity to receive continued coverage of an ongoing course of treatment previously approved by the insurer, pending the conclusion of the Internal Appeal process. If the insurer's denial is not reversed, you will be responsible to pay for the disputed item or service.
- b. **External Review. You have the right to request that your claim be submitted for external review by an Independent Review Organization (IRO).** This right applies to an Adverse Benefit Determination that is based on whether a course or plan of treatment is: (i) Medically Necessary; (ii) Experimental or Investigational; (iii) subject to the provisions described in the "Continuity of Care" section of this Group Medical and Hospital Service Agreement; or (iv) delivered in an appropriate health care setting and with the appropriate level of care; (v) whether an exception to the health benefit plan's prescription drug formulary should be granted. The Member can apply in writing for External Review of an Adverse Benefit Determination by us no later than the 180th day after receipt of our final written decision following our internal review through our Grievances and Appeals process. We will notify the Oregon Division of Financial Regulation (DFR) of your request for an external review no later than the second business day after receipt of the request. A Member is eligible for External Review (i) once we receive a signed waiver granting the IRO access to the Member's medical records; and (ii) the Member has exhausted the Internal Appeals process shown above. Health Net Health Plan of Oregon will pay the cost for external review. We may waive the requirement of compliance with the Internal Appeals process and have a dispute referred directly to external review upon the Member's consent, including when a Member simultaneously requests expedited internal and expedited external reviews. The Member who applies for External Review of an Adverse Benefit Determination must provide complete and accurate information to the IRO in a timely manner. A Member may submit additional information to the IRO no later than 5 business days after receipt of notice of the appointment of the IRO or 24 hours in the case of an expedited review. The IRO will make its review and report its decision within 30 days (72 hours for expedited reviews). **We hereby state that we will abide by the decisions rendered by the IRO, including decisions which may conflict with our definition of Medically Necessary. If we fail to comply with the decision of the IRO, the Member has a right to bring a lawsuit against us.** If the Member is a participant in an ERISA-qualified plan, the Member also has the alternate right to seek legal redress under Section 502(a) of ERISA, Civil Enforcement.

- c. **Expedited External Review.** We will expedite the external review if the Adverse Benefit Determination, that qualifies for expedited review, concerns an admission, the availability of care, a continued stay or a health care service for a medical condition for which the Enrollee received Emergency Medical Care and has not been discharged from a health care facility, or if a provider with an established clinical relationship to the Enrollee certifies in writing and provides supporting documentation that the ordinary time period for external review would seriously jeopardize the life or health of the Enrollee or the Enrollee's ability to regain maximum function.
- Appeal of Utilization Review Determination.
 - a. When a Member or a Provider first appeal a decision to deny Prior Authorization or benefits for services as not Medically Necessary or Experimental:
 - 1. We shall acknowledge receipt of the notice of Appeal within 7 calendar days of receiving the notice; and
 - 2. A medical consultant shall review the Appeal and decide the issue within 30 days of receipt of the notice.
 - b. We shall treat an Appeal from a decision by a medical consultant under this section as an Appeal under section b. above of this Group Medical and Hospital Service Agreement.
 - c. Nothing in this section shall prevent a Member from filing a Grievance under the "Grievances and Appeals" section of this Group Medical and Hospital Service Agreement.
- An otherwise applicable standard for timeliness outlined in this section of this Group Medical and Hospital Service Agreement does not apply when:
 - a. The period of time is too long to accommodate the clinical urgency of the situation;
 - b. The Member (or the Provider in the case of an Appeal) does not reasonably cooperate;
 - c. Circumstances beyond the control of a party prevent complying with the standard, but only if notice of inability to comply is given promptly; or
 - d. The request qualifies as an Expedited Review as defined, in which case we will review and report our decision and rationale within 72 hours for Expedited Reviews unless the claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the plan or health insurance policy.
- In addition, a Member has the right to file a complaint with or seek other assistance from the Oregon Division of Financial Regulation (DFR). If a Member chooses to do so, assistance is available. Contact the Oregon Division of Financial Regulation, Consumer Advocacy Unit at PO Box 14480, Salem, OR 97309-0405. Contact them by phone at 503-947-7984 or toll free at 888-877-4894, by email at DFR.InsuranceHelp@oregon.gov or online at <http://www.oregon.gov/DCBS/insurance/gethelp/Pages/fileacomplaint.aspx>.

- A Subscriber Group or Member aggrieved by any action by us, including an Adverse Benefit Determination, must first exhaust the Grievance procedure as set forth in the “Grievances and Appeals” section of this Group Medical and Hospital Service Agreement. Arbitration is not required in Oregon, but when the Grievance procedure is exhausted, an aggrieved Subscriber Group or Member may submit his or her claim to binding arbitration. The arbitration shall be conducted in accordance with the Commercial Rules of the American Arbitration Association in effect at the time the arbitration is commenced before an arbitrator(s) selected by mutual agreement of the Subscriber Group or Member and us or, failing agreement, the American Arbitration Association. Information regarding the arbitration rules is available from our Customer Contact Center. Arbitration proceedings shall be governed by Oregon law, unless Oregon law conflicts with Federal Code, and shall be held in the Member's county of residence in Oregon or another county in Oregon if agreed upon between the Member and us. Unless there is a mutual agreement between the Subscriber or Member and us to use the arbitration process, the decision resulting from the arbitration will only be binding on the party that demanded arbitration.
- Any legal action arising out of this Agreement must be filed in the state of Oregon.
- We will furnish to the Subscriber Group for delivery to each Eligible Employee or Member of the Subscriber Group a copy of this Agreement outlining the essential features of the coverage of the Eligible Employee or Member, to whom the benefits are payable, and the rights and conditions applicable in obtaining such benefits. If Dependents are included in the coverage, only one statement will be issued for each family unit.
- Upon the request of a Member, applicant, or prospective applicant, we will provide our annual report on Grievances and Internal Appeals and requests for external review, which is submitted to the Oregon Division of Financial Regulation (DFR) annually.

Coordination of Benefits

- This Coordination of Benefits provision applies when a covered Participant or a covered Dependent has health care coverage under more than one plan.
- The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the Primary Plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans do not exceed 100% of the total allowable expense.
- **“Plan”** means any of the following which provide benefits or services for, hospital-medical-surgical-dental care or treatment or other care described in separate policy endorsements to this benefit policy. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered part of the same plan and there is no coordination among those separate contracts.

- a. Plan includes: group and individual insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law and group and individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.
 - b. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.
- Each contract or other arrangement for coverage described above is a separate plan. Also, if an arrangement has two or more parts and the Coordination of Benefits provision applies to only one of the two, each of the parts is a separate plan.
 - **“This plan”** means, in a Coordination of Benefits provision, the part of this Agreement that provides benefits for health care expenses to which the Coordination of Benefits provision applies and which may be reduced because of the benefits of other plans. Any other part of this Agreement providing health care benefits is separate from this plan. This Agreement may apply one Coordination of Benefits provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another Coordination of Benefits provision to coordinate other benefits.
 - The order of benefit determination rules determine whether this plan is a primary plan or secondary plan when the person has health care coverage under more than one plan.

When this plan is primary, it determines payment for its benefit first before those of any other plan without considering any other plan’s benefits. When this plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all Group Plan Benefits do not exceed 100% of the total allowable expense.
 - **“Allowable expense”** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense.
 - The following are expenses that are not allowable expenses:
 - a. The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.
 - b. If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.

- c. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
- d. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the Provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.
- e. The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an allowable expense. Types of plan provisions include but are not limited to second surgical options, Prior Authorization of admissions, and preferred provider arrangements.
- **“Closed panel plan”** is a plan that provides health care benefits to covered person primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- **“Custodial parent”** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.
- **Order of Benefit Determination Rules.** If this Coordination of Benefits provision applies, the order of benefit determination rules should be looked at first. These rules determine whether the benefits of this plan are determined before or after those of another plan. The benefits of this plan shall not be reduced when, under the order of benefit determination rules, this plan determines its benefits before another plan. The benefits of this plan may be reduced when under the order of benefit determination rules; another plan determines its benefits first.

Except as provided in the paragraph below, a plan that does not contain a coordination of benefits provision that is consistent with this section is always primary unless the provision of both plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Some types of these situations are major medical coverage that are superimposed over base plan hospital and surgical benefits, and insurance type coverage that are written in connection with a closed panel plan to provide out-of-network benefits.

- a. In general, when there is a basis for a claim under this plan and another plan, this plan is a secondary plan which has its benefits determined after those of the other plan unless: (1) the other plan has rules coordinating its benefits with those of this plan; and (2) both those rules and this plan's rules as set forth in section b. below require that this plan's benefits be determined before those of the other plan.
- b. This plan determines its order of benefits using the first of the following rules which applies:
 1. **Non-Dependent/Dependent.** The benefits of the plan which covers the person as other than a Dependent, for example as an employee, Member, Subscriber or retiree. The benefits of the plan which covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a Dependent; and primary to the plan covering the person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, Member, Subscriber or retiree is the secondary plan and the other plan is the primary plan.
 2. **Dependent Child/covered under more than one plan.** Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one plan the order of benefits is determined as follows:
 - A. For a Dependent child whose parents are in a registered domestic partnership or married or are living together, whether or not they have ever been in a registered domestic partnership or married:
 - i. the benefits of the plan of the parent whose birthday falls earlier in the year are determined before those of the plan of the parent whose birthday falls later in that year; but
 - ii. if both parents have the same birthday, the benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period.
 - B. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been in a registered domestic partnership or married:
 - i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree;
 - ii. If a court decree states both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of section b.2.A above of this Section shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of section b.2.A) of this Section shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

1. the plan of the parent with custody of the child;
 2. the plan of the Registered Domestic Partner or spouse of the parent with the custody of the child;
 3. the plan of the parent not having custody of the child;
 4. the plan of the Registered Domestic Partner or spouse of the parent not having custody of the child.
- C. For a Dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of section b.2.A or section b.2.B above shall determine the order of benefits as if those individuals were the parents of the child.
- D. For a Dependent child who has coverage under either or both parents' plans and also has coverage as a Dependent under a Registered Domestic Partner or spouse's plan, the rule in "Longer/Shorter Length of Coverage" section below applies.
- E. In the event the Dependent child's coverage under the Registered Domestic Partner or spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in section b.2.A. above, to the Dependent child's parent and the Dependent's spouse or Registered Domestic Partner.
3. **Active/Inactive Employee.** The benefits of a plan which covers a person as an active employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a plan which covers that person as an inactive employee who is laid off or retired (or as that employee's Dependent). If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the "Non-Dependent/Dependent" section above can determine the order of benefits.
4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, Member, Subscriber or retiree or covering the person as a Dependent of an employee, Member, Subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if section b.1 above can determine the order of benefits.
5. **Longer/Shorter Length of Coverage.** If none of the previous rules determines the order of benefits, the benefits of the plan which covered the employee, Member, or Subscriber longer are determined before those of the plan which covered that person for the shorter time.
6. If the preceding rules do not determine the order of benefits, the allowable expenses shall be shared equally between the plans meeting the definition of "Plan" above in this section. In addition, this plan will not pay more than it would have paid had it been the primary plan.

- **Effect on the Benefits of This Plan.** This section applies when in accordance with the order of benefit determination rules stated in the “Order of Benefit Determination Rules” section above, this plan is a secondary plan to one or more other plans. In that event, the benefits of this plan may be reduced under this section. Such other plan or plans are referred to as “the other plans” in section a. below.
 - a. The benefits of this plan will be reduced so that the total benefits paid or provided by all plans during a plan year are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to an allowable expenses under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
 - b. If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one closed panel plan, coordination of benefits shall not apply between that plan and the other closed panel plans.
- **Right to Receive and Release Necessary Information.** Certain facts about health care coverage are needed to apply these coordination of benefits provisions and to determine benefit payable under this plan and other plans. We have the right to decide which facts we need. We may get needed facts from or give them to any other organization or person. We need not tell or get the consent of any person to do this. Each person claiming benefits under this plan must give us any facts we need to apply these provisions and to pay the claim.
- **Facility of Payment.** Any payment made under another plan may include an amount which should have been paid under this plan. If so, we may pay that amount to the organization which made the payment. That amount will then be treated as though it were a benefit paid under this plan. We will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services in which case “payment made” means reasonable cash value of the benefits provided in the form of services.
- **Right of Recovery.** If the amount of the payments made by us is more than it should have paid under this coordination of benefits provision, we may recover the excess from one or more of: (a) the persons it has paid or for whom it has paid; (b) insurance companies; or (c) other organizations. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.
 - a. A secondary plan which provides benefits in the form of services may recover the reasonable cash value of providing the services from the primary plan to the extent that benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.
 - b. Nothing in this provision shall be interpreted to require a plan to reimburse a covered person in cash for the value of services provided by the plan which provides benefits in the form of services.

Medicare

- In certain situations, this Agreement is secondary to Medicare. This means that when a Member is enrolled in Medicare and this Agreement at the same time, Medicare pays benefits for Covered Services first and we pay second, in accordance with federal law.
- All benefits provided under this Agreement shall be reduced by any amounts to which a Member is entitled based on his or her enrollment under the program commonly referred to as Medicare when federal law permits Medicare to pay before a group health plan.

Subrogation

- In the event any Medical or Hospital Service or benefit is provided for, or any payment is made, or credit extended to a Member under this Agreement, we shall be subrogated and shall succeed to the Member's rights of recovery against any person or any organization including the right at our discretion to bring suit against any and all liable third parties. A Member shall pay over to us all sums recovered by suit, settlement or otherwise in an amount equal to such Medical or Hospital Service or benefit. The Member shall take such action, furnish such information and assistance and execute such assignments or other instruments as we may require to facilitate enforcement of its subrogation rights and shall take no action prejudicing our rights and interests under this Agreement.
- In some cases, the Subscriber or covered Dependents may have a legal right to recover costs for health care from a third party that may be responsible for the illness or injury. The following rules apply:
 - a. If we have provided any benefits, we shall be entitled to recover the amount paid from the proceeds of any settlement or recovery the Subscriber or a covered Dependent receives from the third party. If the Subscriber or a covered Dependent continues to receive medical treatment for the illness or injury after obtaining the settlement or recovery, we will not provide benefits for that continuing treatment unless the Subscriber or covered Dependent can prove that the total cost of treatment including the cost of obtaining the settlement or recovery is more than the amount the Subscriber or covered Dependent has recovered or expects to recover.
 - b. The Subscriber or Enrolled Dependent must hold the rights of recovery in trust for us, up to the amount of benefits already provided.
 - c. We may require Subscriber or Enrolled Dependent to sign and deliver all legal papers necessary to secure our rights and the rights of the Subscriber or Enrolled Dependent. If requested, the Subscriber or covered Dependent must sign an agreement to hold the proceeds of any recovery in trust for us before any payment for benefits is provided.
 - d. We will pay our share of the expenses of obtaining a recovery, such as attorney fees and court costs, out of any part of that recovery which is reimbursed to us.
 - e. In the event our interests are not protected by judgment or settlement entered into by the insured and a liable third party, we retain the right to deduct the amount of the overpayment/wrongful payment from future benefits that would have been otherwise payable, until said overpayment/wrongful payment is recovered.

- Most motor vehicle liability policies are required by law to provide liability insurance, primary medical payments insurance, and uninsured motorist insurance, and many motor vehicle policies also provide underinsurance coverage.
 - a. We will not pay benefits for health care costs to the extent that the Member is able to, or is entitled to, recover from motor vehicle insurance.
 - b. If we pay benefits before motor vehicle insurance payments are made, reimbursement must be made out of any subsequent motor vehicle insurance payments made to the Member and, when applicable, we may recover benefits already paid directly from the motor vehicle insurer or out of any settlement or judgment which the Member obtains by exercising his/her rights against a third party.
 - c. Before we will pay benefits: (1) the Member must give us information about any motor vehicle insurance payments which may be available to the Member; and (2) if we ask, the Member must sign an agreement to hold the proceeds of any recovery in trust for us.
- We have the right to recover a mistaken payment from the person paid or anyone else who benefited from it, including a provider of services, if:
 - a. We make a payment to which a Member is not entitled under this Agreement; or
 - b. We pay a person who is not eligible for benefits at all.

Independent Agents

- The relationship between Subscriber Group and a Subscriber is that of plan sponsor and participant and is defined by the Group's health and welfare plan. We have no involvement in that relationship. The relationship between Subscriber Group and us is that of purchaser and seller and is entirely governed by the provisions of this Agreement. In addition, Subscriber Group acts as the agent of those Participants who are Subscribers with respect to all terms and provisions of this Agreement. Because the Subscriber pays the premium to us indirectly through his or her agent, the Subscriber Group, the relationship between a Subscriber and us is also that of purchaser and seller and is entirely governed by the provisions of this Agreement.
- The Subscriber Group agrees to indemnify and hold us and our directors, officers and employees harmless against any loss and all claims, lawsuits, settlements, judgments, costs, penalties, and expenses including attorneys' fees resulting from or arising out of the willful misconduct or dishonest, fraudulent, reckless, unlawful, or negligent acts or omissions of the Subscriber Group, any of its directors, officers, or employees or any Members Enrolled under this Agreement, except to the extent that such losses, claims, lawsuits, settlements, judgments, costs, penalties, or expenses result from the misconduct or dishonest, negligent, unlawful, reckless, or fraudulent act on the part of us or any of our directors, officers, employees, or parent, subsidiary, or otherwise affiliated entities.
- We shall use ordinary care in the exercise of our power and in the performance of our obligations under this Agreement.

- We agree to indemnify and hold harmless the Subscriber Group, its officers, and employees against any loss and all claims, lawsuits, settlements, judgments, costs, penalties, and expenses including attorneys' fees resulting from or arising out of the willful misconduct or dishonest, fraudulent, reckless, unlawful, or negligent acts or omissions of us or any of our directors, officers, or employees, or parent, subsidiary, or other affiliated entities except to the extent that such losses, claims, lawsuits, settlements, judgments, costs, penalties and expenses result from the misconduct or dishonest, fraudulent, reckless, negligent or unlawful acts or omissions of the Subscriber Group, its directors, officers or employees or any Members Enrolled under this Agreement.

Continuity of Care

- If the Member is undergoing treatment with a Participating Provider on the date our contract with that Participating Provider will terminate, the Member may be able to continue to receive care from that Provider, subject to the following conditions:
 - a. The Member must be undergoing an active course of treatment that is Medically Necessary on the date the contract would otherwise terminate; and
 - b. The benefits available to the Member under this Agreement, in relation to that course of treatment, would otherwise be eliminated or reduced to a benefit level below the benefit level specified in the plan for out-of-network Providers if the Member continued to receive care from that Provider; and
 - c. Our contract with the Participating Provider terminates for reasons allowed under Oregon statute; and
 - d. Both the Member and the Provider agree that it is desirable to continue the course of treatment with that Provider; and
 - e. If the course of treatment is related to the Member's pregnancy, the Member has already entered the second trimester of that pregnancy; and
 - f. The Provider agrees to continue the relationship with us as a Participating Provider, in relation to the course of treatment for that Member, as if the contract between that Provider and us had not terminated. This relationship shall continue for the duration of the course of treatment, as specified in the "Continued Course of Treatment" section below of this Group Medical and Hospital Service Agreement.

- When a contract with a Participating Provider will terminate, we will notify all Members who we know, or reasonably should know, are under the care of that Participating Provider. If we first learn that a Member is affected at a later date, we will notify that Member within 10 days of identifying that Member. The notice will be in writing and notify affected Members of the termination and the right to Continuity of Care as provided under the “Continuity of Care” section of this Group Medical and Hospital Service Agreement. The notice will be provided as soon as we are aware of the termination, but in no event later than 10 days following the effective date of the termination. For the purpose of the “Continued Course of Treatment” section below of this Group Medical and Hospital Service Agreement, the date of the notice will be the earlier of the date the notice was received by the Member, and the date we receive or approve the request for Continuity of Care. If the Participating Provider is part of an Individual Practice Association (IPA), we may allow the IPA to deliver the notice to the Member for us, if the notice otherwise meets all other requirements of this section of this Group Medical and Hospital Service Agreement.
- **Continued Course of Treatment.** A course of treatment continued under this provision will be treated as if the Provider was still a Participating Provider, until the following dates:
 - a. For pregnancy; the later of (i) 45 days following the birth of the child; and (ii) when the care for that pregnancy ends.
 - b. For all other conditions; when the care for that condition ends.
 - c. However; in no instance shall the provisions of this section extend beyond the 120th day following the date the Member was notified of the termination of the contract with the Participating Provider and the Member’s right to Continuity of Care.

This Agreement may be amended, modified, or terminated by mutual agreement between us and Subscriber Group without the consent or concurrence of any Member. Any modification or amendment must be in writing and signed by us. We may submit any proposed amendment or modification in writing to Subscriber Group. If any Member permits the use of his or her plan identification card by any other person, such card may be reclaimed by us, and all rights of such Member and his or her Dependents may be terminated without notice at our election. Such Member shall be liable to us for all associated costs.

No form or documentation need be submitted until the maximum has been met.
- The benefits of this Agreement are personal to the Member. The Member may not assign such benefits nor may the Member assign or otherwise transfer any claim, right of recovery or right to payment arising under this Agreement.

No Provider (except for services actually rendered by such Provider) or any director, officer, employee, agent or representative of ours is liable for the conduct of any Provider in furnishing health care services.
- When the premium for this Agreement or any part thereof is paid by an employer under the terms of a collective bargaining agreement, if there is a cessation of work by employees covered under this Agreement due to a strike or lockout, this Agreement, upon timely payment of the premium to us, will continue in effect with respect to employees covered under this Agreement on the date of the cessation of work who continue to pay their individual contribution and who assume and pay the contribution due from the employer.

- a. When a covered employee pays the monthly premium pursuant to this section, if the Subscriber Group is not a trustee of a fund established or maintained in whole or in part by an employer, the employee's individual contribution shall be: (1) the rate in this Agreement on the date the cessation of work occurs, applicable to an individual in the class to which the employee belongs as set forth in this Agreement; or (2) if this Agreement does not provide for a rate applicable to individuals, an amount equal to the amount determined by dividing the total monthly premium in effect under this Agreement at the date of cessation of work by the total number of persons insured under the policy on such date.

 - c. A Member shall not be responsible for amounts owed by us to a Participating Provider even if we are unable to pay.
- No benefit, right or any interest of any beneficiary under this Agreement can be assigned or transferred and any such assignment or transfer shall be held invalid and void. Payment of any benefits hereunder shall, at our exclusive option, be made directly to the Physician, Hospital or institution providing their services, or to his or her representative, or directly to the beneficiary. Exception: We will make benefit payments for ambulance services directly to the ambulance company.

- Continuation of benefits after injury or illness covered by workers' compensation claim. The employee may continue such coverage until whichever of the following occurs first:
 - a. The employee takes full-time employment with another employer; or
 - b. Six months from the date that the employee first makes the premium payment under this continuation of benefits provision following their workers' compensation claim.
