

Health Net Seniority Plus Employer (HMO)

## **2019 Formulary (List of Covered Drugs)**

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 19530, Version Number 11

This formulary was updated on 03/01/2019. For more recent information or other questions, please contact Health Net Seniority Plus Employer (HMO) at 1-800-275-4737 (UC Employees: 1-800-539-4072) or, for TTY users, 711. From October 1 to March 31, you can call us seven days a week from 8 a.m. to 8 p.m., from April 1 to September 30; you can call us Monday through Friday from 8 a.m. to 8 p.m. or visit [www.healthnet.com/GroupMedicareFormulary](http://www.healthnet.com/GroupMedicareFormulary).

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Health Net Seniority Plus Employer (HMO). When it refers to “plan” or “our plan,” it means Health Net of California, Inc. and Health Net Community Solutions, Inc.

This document includes a list of the drugs (formulary) for our plan which is current as of 03/01/2019. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

## **What is the Health Net Seniority Plus Employer (HMO) Formulary?**

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

## **Can the Formulary (drug list) change?**

Generally, if you are taking a drug on our 2019 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2019 coverage year except when a new, less expensive generic drug becomes available, when new information about the safety or effectiveness of a drug is released, or the drug is removed from the market (see bullets below for more information on changes that affect members currently taking the drug). Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception,

and you can also find information in the section below entitled “How do I request an exception to the Health Net Seniority Plus Employer (HMO)’s Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

The enclosed formulary is current as of 03/01/2019. To get updated information about the drugs covered by Health Net Seniority Plus Employer (HMO), please contact us. Our contact information appears on the front and back cover pages. If we make any other negative changes to a drug you are taking, we will notify you via mail. We will also post the changes on our website.

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category; “CARDIOVASCULAR AGENTS-MISC. - Drugs to Treat Heart and Circulation Conditions.” If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page Index 1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, Health Net Seniority Plus Employer (HMO) provides one tablet per day per prescription for *simvastatin 40 mg*. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask us to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Health Net Seniority Plus Employer (HMO) formulary?" on page v for information about how to request an exception.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by us.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

## **How do I request an exception to the Health Net Seniority Plus Employer (HMO) Formulary?**

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, we will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you request a formulary, tiering or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug

that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90-days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

### **Level of care changes**

If you experience a change in your level of care, we will cover a transition supply of your drugs. A level of care change occurs when you are discharged from a hospital or moved to or from a long-term care facility.

- If you move home from a long-term care facility or hospital and need a transition supply, we will cover one 30-day supply. If your prescription is written for fewer days, we will allow multiple fills to provide up to a total of a 30-day supply.
- If you move from home or a hospital to a long-term care facility and need a transition supply, we will cover one 31-day supply. If your prescription is written for fewer days, we will allow multiple fills to provide up to a total of a 31-day supply.

### **For more information**

For more detailed information about your plan's prescription drug coverage, please review your *Evidence of Coverage* and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

### **Health Net Seniority Plus Employer (HMO) Formulary**

The formulary that begins on page 1 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page Index 1.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ELIQUIS TABS) and generic drugs are listed in lower-case italics (e.g., *warfarin sodium tabs*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

## Abbreviations

The abbreviations below may appear in the Requirement/Limits column on the formulary.

Abbreviation	Definition	Description
AL	Age Limit	This drug may require prior authorization if your age does not meet manufacturer, FDA, or clinical recommendations.
B/D	Medicare Part B vs. Part D	This drug may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
LA	Limited Access	This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services from October 1 – March 31, 7 days a week, 8 a.m. to 8 p.m. From April 1 - September 30, Monday through Friday, 8 a.m. to 8 p.m. Our contact information appears on the front and back covers. TTY users should call 711.
MO	Mail Order	This drug is available at our mail order pharmacy in addition to other network pharmacies.
NDS	Non-Extended Day Supply	This prescription drug may not be available for an extended day supply. Call Member Services to ask if the drug is available as an extended supply.
PA	Prior Authorization	This drug requires prior authorization. This means that you or your prescriber must get approval from us before you fill your prescription. If you don't get approval, we may not cover the drug.
QL	Quantity Limit	This drug has a limit on the amount that we will cover. For example, we cover one tablet per day per prescription for simvastatin 40 mg. This may be in addition to a standard one-month or three-month supply limit.
RX/OTC	Prescription and Over-the-Counter (OTC)	This drug is available both in a prescription form and in an OTC form. Other than some insulins and insulin supplies, only prescription drugs are covered by our Medicare Part D plans.

Abbreviation	Definition	Description
SL	Safety Limit	This drug has a maximum daily dose limit for safety supported by the FDA. This means that we will not cover more than the maximum daily dose. For example, the FDA maximum daily dose of <i>ibuprofen</i> is 3200 mg. Therefore, we will only cover four tablets per day for <i>ibuprofen 800 mg</i> .
ST	Step Therapy	This drug requires step therapy. This means that you must first try certain drugs to treat your medical condition before we cover another drug for that condition.  For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
*	Additional Gap Coverage	For some Employer Group plans, we provide additional coverage of this prescription drug in the coverage gap. Please refer to your <i>Evidence of Coverage</i> for more information about this coverage.
+	Additional Gap Coverage	<b>Only for some Health Net Seniority Plus (Employer HMO) plans:</b>  We provide additional coverage of this prescription drug in the coverage gap. Please refer to your <i>Evidence of Coverage</i> for more information about this coverage.

### Formulary tier descriptions

Prescription drugs are grouped into one of five tiers. To find out which tier your drug is in, look in the Drug Tier column of the formulary that begins on page 1. The table below tells you the copayment or coinsurance amount (i.e., the share of the drug's cost that you will pay during the initial coverage stage) for a one-month supply of drugs in each tier. For more detailed information about your out-of-pocket costs for prescriptions, including any deductible that may apply, please refer to your *Evidence of Coverage* and other plan materials.

Tier	Copayment/Coinsurance	Description
Tier 1 (Preferred Generic Drugs)	Tier 1 copayment	Includes preferred generic drugs.
Tier 2 (Preferred Brand Drugs)	Tier 2 copayment	Includes preferred brand drugs.
Tier 3 (Non-Preferred Drugs)	Tier 3 copayment	Includes non-preferred brand drugs and may include some generic drugs.

Tier 4 (Injectable Drugs)	Tier 4 copayment	Includes injectable drugs that do not meet the CMS cost threshold required to be placed on Tier 5.
Tier 5 (Specialty Tier)	Tier 5 copayment or coinsurance	Includes high cost brand and generic drugs. Drugs in this tier are not eligible for exceptions for payment at a lower tier.

**Note:** If **NF** is displayed in the Drug Tier column, this means the drug is not covered on the formulary. You may request an exception from us to cover these non-formulary drugs. If an exception request is approved for a non-formulary drug; the Tier 3 copayment applies. You may not ask us to provide the drug at a lower cost-sharing level.

Section 1557 Non-Discrimination Language  
Notice of Non-Discrimination

---

Health Net complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Health Net does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Health Net:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, accessible electronic formats, other formats).
- Provides free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you need these services, contact Health Net's Customer Contact Center at California: 1-800-431-9007 (Jade, Sapphire, Amber, and HMO SNP), 1-800-275-4737 (all other HMO); Oregon: 1-888-445-8913 (HMO and PPO) (TTY: 711).

From October 1 to March 31, you can call us 7 days a week from 8 a.m. to 8 p.m. From April 1 to September 30, you can call us Monday through Friday from 8 a.m. to 8 p.m. A messaging system is used after hours, weekends, and on federal holidays.

If you believe that Health Net has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by calling the number above and telling them you need help filing a grievance; Health Net's Customer Contact Center is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf> or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW, Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019 (TDD: 1-800-537-7697).

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

Health Net is contracted with Medicare for HMO, HMO SNP and PPO plans, and with some state Medicaid programs. Enrollment in Health Net depends on contract renewal.

This formulary was updated on 03/01/2019. For more recent information or other questions, please contact Health Net Seniority Plus Employer (HMO) at 1-800-275-4737 (UC Employees: 1-800-539-4072) or, for TTY users, 711. From October 1 to March 31, you can call us seven days a week from 8 a.m. to 8 p.m., from April 1 to September 30; you can call us Monday through Friday from 8 a.m. to 8 p.m. or visit [www.healthnet.com/GroupMedicareFormulary](http://www.healthnet.com/GroupMedicareFormulary).

ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Call 1-800-275-4737, (TTY: 711).

ATENCIÓN: Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Llame al 1-1-800-275-4737, (TTY: 711).

注意：如果您使用繁體中文，您可以免費獲得語言援助服務。請致電1-800-275-4737, (TTY: 711)。

Health Net is contracted with Medicare for HMO, HMO SNP and PPO plans, and with some state Medicaid programs. Enrollment in Health Net depends on contract renewal.
